

OFFICE OF THE SUPERINTENDENT
Keeping you in the Loop – A Message from the Superintendent

March 24, 2020

Dear CSDNB families,

We hope you are all staying safe and healthy. The following update is from Superintendent Nancy Sarra regarding extended school closure.

- Governor Lamont has announced that schools will not reopen until April 20 at the earliest, with the potential for school to remain closed even longer. As we continue to deal with this ever-changing situation, I wanted to share this information to help everyone - students, parents, and teachers - prepare for our Interim Learning Plan to be in place until at least that date and possibly longer. While this kind of learning and teaching will be new to everyone, I take great comfort in knowing that we will be entering this together. I have great confidence in the talent, character, and resiliency of our New Britain community!
- Reminder: We must have your most updated address and working phone numbers. We plan to begin our Interim Learning Plan next Monday, March 30. Students will be expected to log into Google Classroom. All families should receive a letter in the mail this week with directions and personal login information. This letter includes important information for the PowerSchool Parent Portal.

Please continue to ensure your family is enforcing the social distancing rules and reducing the number of people you and your child are coming in contact with. And as always, wash your hands and stay healthy!
