

## CSDNB Health and Safety Update

September 11, 2020 | Previous updates are available on [csdnb.org](http://csdnb.org).

This CSDNB Health and Safety Update will be used to communicate the latest updates to our staff, families, and community members for as long as needed. Previous updates are available [on our website](#) and social media platforms. To our families, please ensure that your contact information is updated in PowerSchool. If you need assistance, you can contact your child's school. For additional information regarding our reopening, [please visit our information page on the CSDNB website](#).

Over the past several months, we have been working with the New Britain Public Health Department to ensure that all recommendations and guidelines are followed as we prepare to safely reopen our schools. We will continue to meet weekly with them, along with our union leadership, to determine the status of whether we remain in our hybrid model or if we will convert to a full remote learning model for all students based on the data points mentioned below. In addition, ongoing daily communication between the New Britain Public Health Department and CSDNB will be maintained throughout the pandemic.

### **How will decisions be made regarding the status of our learning models (hybrid vs. remote)?**

Decisions on remote vs. hybrid learning for our district are based on the indicators of the spread and prevalence of COVID-19 in Hartford County, our New Britain community, and our school district. Indicators will also include the effectiveness of schoolwide mitigation strategies, such as cohorting, sanitization, airflow, and more.

CSDNB, in direct consultation with the New Britain Public Health Director and the State Departments of Health & Education, will make a decision each week based on the current data. The decision to remain in hybrid or full remote rests with both the New Britain Director of Public Health and CSDNB Administration after reviewing all data that is made available to us by the State of Connecticut. Ultimately, however, Governor Ned Lamont and the State Departments of Health & Education can mandate that school districts go into a fully remote model in the event of a statewide COVID-19 outbreak.

**Reminder to all caregivers: You have the right to make the decision at any time during the pandemic to have your child(ren) fully participate in a remote learning environment. Additionally, if your child is not feeling well or displaying symptoms related to COVID-19, please keep them home.**

### **Current Learning Model Status as of September 11, 2020 - Hybrid Model**

As of September 11, we will continue to remain in the hybrid model. This decision was made based on data provided for Hartford County and New Britain by the Connecticut Department of Public Health.

## Indicators for Learning Models

Recommended by the Connecticut State Department of Education. **Based on the current data for New Britain, we are in the moderate risk level, which favors hybrid learning.**

Indicators for Learning Models				
	Leading Indicator	Secondary Indicators		
Risk Level	New COVID-19 Cases (7 day avg. per 100k population)	Percent Test Positivity	New COVID-19 Hospital Admissions (7 day avg. per 100k population)	Percent COVID-like illness hospital ED visits
<b>Low</b> (Favors more in-person learning)	<10	Trending down to flat No statistically significant changes		
<b>Moderate</b> (Favors hybrid learning)	10 - 25	Trending flat to upward Any statistically significant changes		
<b>High</b> (favors remote learning)	>25	Trending upward Consistent statistically significant changes upward		

## Hartford County Data

Last updated by the State of Connecticut on September 10, 2020. As noted below, Hartford County is in the low risk level for both the leading and secondary indicators.

	Leading		Secondary			
	New COVID-19 cases per 100,000 population per day (7-day average)	Leading Indicator Risk Category	Percent test positivity (7-day average)	New COVID-19 hospitalizations per 100,000 population per day (7-day average)	Percent COVID-19-like illness hospital ED visits (7-day average)	Secondary Indicators Risk Category
Fairfield	3.4	Low	1.6%	0.3	1.7%	Low
Hartford	3.9	Low	1.2%	0.5	0.6%	Low
Litchfield	3.1	Low	0.8%	0.7	1.5%	Low
Middlesex	2.7	Low	0.4%	0.4	0.7%	Low
New Haven	2.6	Low	0.7%	0.4	1.6%	Low
New London	2.7	Low	0.7%	0.5	1.7%	Low
Tolland	4.4	Low	1.5%	0.0	0.3%	Low
Windham	2.3	Low	1.2%	0.1	1.0%	Low
Connecticut	3.2	-	1.0%	0.4	1.2%	-

## New Britain Data

Last updated by the State of Connecticut on September 10, 2020 for the week of August 30 - September 5, 2020. These case and test counts do not include cases or tests among people residing in congregate settings, such as nursing homes, assisted living facilities, or correctional facilities.

New COVID-19 Cases Over 7-Day Period	New COVID-19 Cases Per 100,000 Population Per Day	New Tests Over 7-Day Period	Percent Test Positivity
67	13.2	1,794	3.5

## Additional Resources and Information

### COVID-19 case rate per 100,000 population and percent test positivity in the last 7 days by town

This dataset includes a weekly count and weekly rate per 100,000 population for COVID-19 cases, a weekly count of COVID-19 PCR diagnostic tests, and a weekly percent positivity rate for tests among people living in community settings. Dates are based on date of specimen collection (cases and positivity). These case and test counts do not include cases or tests among people residing in congregate settings, such as nursing homes, assisted living facilities, or correctional facilities. ### CT School Learning Model Indicator

This page provides access to data on the key metrics developed by the Connecticut Department of Health (DPH) and the Department of Education (CSDE) to support local district decision-making on the level of in-person, hybrid (blended), and remote learning model for Pre K-12 education. The information on this page is intended to supplement the comprehensive plan from CSDE, “Adapt, Advance, Achieve: Connecticut’s Plan to Learn and Grow Together,” which will serve as a roadmap for districts as they plan to reopen schools at the beginning of the 2020-21 academic year.
