### **Dear Principal / Head of School**

As fellow educators, we at U.S. TAEKWONDO would like to reward some of the top students in New Britain for their diligence and dedication. We believe that they will be the leaders of tomorrow, and should be encouraged to continue their efforts to succeed. We are sincerely committed to the New Britain community and would like to support the efforts of our school system.

With your cooperation, we would like to invite 25 of the top students from your school to attend our TAEKWONDO classes, plus we will give them a free uniform. They can consider it their first academic scholarship.

The students will be able to attend two classes a week at our school and learn self-defense while increasing their physical fitness and self-confidence. They should return to you next semester with a positive, winning attitude. Our combined efforts will produce strong leaders for the future of our community.

Please choose 25 students who have demonstrated outstanding academic progress or leadership, and award them the enclosed coupons, validated with your signature. We hope you will have received them in time to incorporate them into your academic awards ceremonies.

Respectfully,

Master Yang Hyung  
Head of Yang's U.S. TAEKWONDO
