Shairi Benavidez: Ms. Benavidez, is a 12th grade student of NBHS and also a Leader of Connecticut Students with a Dream – a youth lead organization that fights for the rights of undocumented minorities in CT. She expressed her concerns of racism that she experienced in the school, by the staff. She would like to set up a meeting to sit with the board to discuss creating a safer environment for the students of color at NBHS.

Angel Velasquez: Mr. Velazquez is an 11th grade student at NBHS. He expressed his concerns that are going on at the school. There are only 2 bathrooms open and over 2,000 kids in the school. Cynthia Ramales: Ms. Ramales is a current student and expressed her concerns at NBHS. She explained that there is currently only one bathroom open that is shared amongst over 2,000 kids. Security doesn't assist with the traffic of the bathroom and in turn, the bathroom is always packed and unsafe. She also expressed that she'd like to see more translators in the school. NBHS is a predominantly Spanish demographic, but due to the language barrier, Spanish speaking students are failing because they aren't able to learn and grasp the materials.

Mariangeliz Mejias: Ms. Mejias is an 11th grade student at NBHS. She is also a member of CT Students for a Dream whose purpose is to assist undocumented students obtain proper resources. One concern she discussed was the bathroom policy. As the other students expressed, students aren't always able to use the bathroom during the day because lack of availability. She also stated that students are given a lot of work and the emotional draining it causes due to lack of time to get everything done. Her last concern was the safety of the students, and the lack of professionalism from teachers when it comes to dealing with students. She stated that she doesn't feel safe and would like to see a change in the school.

Jose Lopes: Mr. Lopes is a current student and expressed his concerns at NBHS. He explained that there is currently only one bathroom open that is shared amongst over 2,000 kids. Security doesn't assist with the traffic of the bathroom and in turn, the bathroom is always packed and unsafe. He said they don't have enough time to use the bathroom, and in turn, end up in ISS (In school suspension).

Ana Zulvaga: Ms. Zulvaga is an 11th grade student at NBHS, who expressed her concerns as a student in that school. She mentioned that some teachers do not follow protocol when it comes to curriculum. She also mentioned that the food options aren't healthy and the portions are small. Ms. Zulvaga stated that she'd like to see more counselors in school, as there is only one that speaks Spanish. When needing assistance, it's hard to make an appointment because resources are limited.

Perla Vanessa Cardoso: Ms. Perla, the New Britain Branch Leader of CT Students for a Dream discussed the program that she leads to assist undocumented students in the district. She discussed the challenges that a lot of these students have faced prior to coming to New Britain. She would like sit down and figure out a plan with the Board to support these students. She would like to start an afterschool program that was in place prior to covid but due to funding, has stopped.

Michael: Michael is a student at NBHS, who expressed concerns regarding the language barriers. He stated he went from an A to a lower grade because lack of translation. He stated he has to rely on his classmates to hep him, despite it not being their job. He would like to play sports, but can't because there is barrier of understanding.

Reports

The Superintendent's report is attached.

Curriculum:

Mr. Kane mentioned the committee reviewed the Curriculum Audit.

Finance:

The committee accepted donations and discussed E-Rate.

Policy:

The committee discussed the flag policy that was sent down through Shipman & Goodwin LLP.

Personnel:

The committee went over revised job descriptions for the PE/Health department.

Board Reports:

Ms. Reyes stated how she was involved in speaking to Ms. Bodner civics class. The students were very intrigued and had a lot of great questions. She met a student that is interested in coming to one of the Board meetings. She also attended to the NBHS Clothing Drive, which was a great turn out.

Ms. Sanders-Connolly went to see Sister's Act performance, mentioned it was amazing like she expected. She

enjoyed the Pi Day Competition, as her son and Mr. Mazzei received the most pies in their face.

Ms. Santana wanted to highlight the work of Smalley Elementary, they now have the sticks program which is a drumming program for the students, as well as the hard work of Principle Mazzei at Slade Middle.

Student Reports

Mr. Portillo stated how they raised over \$300.00 at the Pi day competition, and how it was well received by the staff. He followed up on the great feedback of Sister Act, and mentioned it was a seamless production. Tomas found a candidate that would be a good role for student representative, and asked the process and timeline for that need.

Ms. Rutkowski stated she spoke with Mr. Pearce regarding the lack of bathrooms but surplus of students in NBHS. Despite being given 10-minute passes to use the bathroom, with so many students there are times 10 minutes is not enough. In regards to lunch, she mentioned the miscommunication between chefs, students and staff. The servings are small, and for students that are in school all day that also have extracurricular programs after school, it just isn't enough. The lack of counselors in school, especially for 12th graders has become an issue for students that don't have the proper knowledge and guidance to apply for college/school. On a positive note, the MET academy has created sensory boxes in lieu of it being Autism awareness month.

Board Memorandum

Submitted by Paul Ted Kerrigan () for approval at the Regular Board Meeting on May 8, 2023. Senior Leadership Sponsor: Tyrone Richardson Staff Presenter: Ted Kerrigan

Type of Memorandum

Purchase Order and Bid Waiver

Background and Purpose/Rationale

The purpose for the Bid-waiver request is due to the fact that this company offers what we need for the academies at New Britain High School. The simulator we are requesting is the same simulator used by the New Britain Emergency Medical Services Academy (NBEMSA).

The purpose for the Bid-waiver request is due to the fact that this company offers what we need for the academies at New Britain High School. The simulator we are requesting is the same simulator used by the New Britain Emergency Medical Services Academy (NBEMSA).

In discussions with the Academies Advisory Board, inclusive of industry partners from the healthcare industry, as well as New Britain's Fire, Police, and EMS departments, the need to increase our Health Science Clusters' Therapeutic Services and our Public Service's First Responders Pathways was revealed. Building the necessary skills to create an impactful pipeline for the careers in these related fields for New Britain and to ensure programs that support all students within a diverse comprehensive high school were main goals to come from these discussions. As steps to achieve these goals, NBHS first added an introductory half a year course called Intro to First Responders with the goal of then progressing to a full year EMS class in the Health Academy. With the requested ambulance simulator not only will we have an excellent tool to enhance the instruction for skills attainment in these classes but also for skills attainment in the CNA Certification program, the Biomedical and Healthcare pathway at New Britain High School. The purchase of the simulated ambulance trainer perfectly supports not only our schools mission but also supports the needs of our community.

As research, Sondra Sanford and Ted Kerrigan met with industry partners and visited the New Britain EMS Academy to gather information about their ambulance trainer, how they utilized with the EMS academy students, and how we can best utilize it to supports hands on minds on learning for new Britain High school students.

Based on our research and discussions with the EMS Academy, and as approved through the Perkins V

grants, we are requesting a Purchase Order Bid-waiver in the amount of \$63,346 for the purchase and installation of The Dial Medical - Sim Rig Ambulance Trainer – Classroom Standard Package with some basic recommended accessories. See attached quote.

Financial Information

The total is \$63,346 and the funding source is Perkins V 202896910001 - 57346.

Background and Purpose/Rationale

Pupil Services is requesting the BOE to amend the 2023/24 school calendar for Pre-K key students in order to facilitate professional learning for staff which is consistent with the training Key Staff receives in grades k-8.

The attached memo includes information to be shared with the Board specific to a change in the PreK-KEY schedule for the 2023/24 school year. This change will align the PreK-KEY schedule with the K-8 KEY program schedule.

MEMO

DATE: April 3, 2023

RE: PRE-K KEY Schedule 23/24 Academic Year

Students who are placed in the district's Key (autism) classrooms are supported through a therapy program known as Applied Behavior Analysis or ABA. ABA is a scientific approach to understanding behavior. Specifically, why behaviors occur, how to teach new behaviors and how to decrease negative behaviors. This in part, occurs through a process known as DTI, or Discrete Trial Instruction. In short, DTI is a means to break down skills into smaller sub-skills that are explicitly taught through a very structured and repetitive process. Typically, it requires 1:1 sessions and constant reinforcement. Proper training of staff is obviously a critical component of ABA and the ability of staff to have time to problem solve and collaborate regularly is highly recommended.

The preschool Key program is faced with a lack of sufficient training and consultation time. All classroom staff must be available for training time to ensure consistent training and fidelity. Currently, 72 staff members in K-8 Key classrooms have a half day once per week where training, team building, problem solving and collaboration take place. If we extend the training to our PreK teachers, this will impact an additional 22 staff members and their 60 students. This change will also foster improved morale and less staff attrition, injuries and resignations.

Proposal:

For 23/24, Pupil Services is proposing extending the half day schedule on Wednesdays for Pre-K Key.

Students with IEPS

9:00-11:30 AM or 12:30-3:00 on M-T and Th-F

9:00-10:45 AM or 11:15-1:00 PM on W

Peer Role Models: (students in mixed classrooms without an IEP)

9:00-3:00 M-T and Th-F

9:00-1:00 W

We will begin to message it to families and other stakeholders in the community before the end of the school year to give them the time needed to make necessary accommodations.

Thank you.

Background and Purpose/Rationale

Our girls golf team has a record number of student-athletes this year. Normally, we average 6-7 girls, this year we have 20 girls who have been coming on a regular basis and are eager to learn the sport. Because we have so many girls, we are in need of more clubs. First Tee Golf has generously offered to donate 10 sets of bags and clubs for our girls team. We have also had a baseball parent (Ryan Pinard) donate two \$50 gift cards to Dicks to purchase gloves and golf balls for the team along with some community members (Daniel Salerno and Len Corto) donate individual clubs.

Bid Award

Background and Purpose/Rationale

Yousef Taekwondo has worked for many years within the Districts summer SEE program and has provided their taekwondo services to many families for over 30 years. They have provided hands-on activities which include: exercise drills like jump roping, proper form techniques, running and core strengthening activities. They combine workouts to make them fun but also challenging their minds through encouragement coaching. They ensure inclusivity for all who participate by modifying their activities when needed. If there is a student who is unable to participate in the physical aspect, they find a role for them to be a part of such as leadership by helping to instruct the class or a small group. They have a very culturally diverse program with students and staff from several different countries and speaking several languages including English, Arabic and Spanish.

We are seeking approval to have Master Yousef provide summer services to both the SEE and SAIL summer programs at Smalley Elementary. The total program cost will be \$16,200.00 to work with 80 students beginning Monday July 10,2023 thru Friday July 28, 2023 from 8:00am-3:00pm Monday thru Friday.

Re: CSDNB Summer Programming 2023

Yousef Tae Kwon Do

Dear Community Partner:

We sincerely appreciate your recent Request for Programming for Summer Learning 2023. Upon review of your RFP, the amount CSDNB is prepared to offer:

\$16,200.00 for the following program(s) & site(s):

SEE: Smalley Elementary School

If this figure differs from that which you proposed, please be advised that the following criteria were adhered to:

- Maximum 2 instructors per site. CSDNB typically follows a 1 to 20 teacher to student ratio. For ease, we are allowing for <u>one</u> assistant (2 to 20).
- 2023 summer programming is 7.25 hours total including a 30 minute lunch.
- CSDNB caps administrative costs at 5% of budget. Please be advised that there is a site lead/coordinator to meet the needs of program staff. Other administrative staff/floating coordinators are not covered by CSDNB funding.
- CSDNB budgets for a total of 7 hours of training per instructor in the two days prior to the start of programming. Above and beyond this, training is at the discretion of the provider. Fingerprinting for new staff members will be covered by CSDNB. CPR is not provided. A nurse will be available at all times at all sites.
- CSDNB does not provide planning time allotment as we accept the terms of the program as-is and as outlined in the RFP. CSDNB agrees to pay for services rendered only.
- Final payment is based on actual # of staff on-site over a 15 day period.
- Any supplies procured for programming become the property of CSDNB for future use.

Additional Comments:

In order to sustain these partnerships long-term, CSDNB must ensure the cost-effectiveness and adhere to budgetary constraints of all programming. We appreciate your partnership and look forward to these collaborative efforts now and in the future. Program Background: Summer programming deepens students' engagement in learning. Historical research shows that students typically score lower on standardized tests at the end of summer vacation than they do on the same tests at the beginning of the summer. This is commonly known as "Summer Learning Loss." This disparity grows when accounting for poverty (Broh et al., 2004, Wallace Foundation, 2011). The Summer Learning Experiences in New Britain combat summer learning loss by entwining academic time with hands-on experiential learning programming. We provide an innovative and integrated curriculum that allows students to make connections in a blended learning environment.

Dates of Service

I. July 10,2023- July 28,2023: 8:00am-3:00pm daily, with a 7:45am start for CBOs & staff.

- SEE: Smalley Elementary School
- Estimated Total Program Cost: \$16,200.00

II. CBO Expectation: It is the expectation that programs conducted by CBO partners will be designed as experiential learning activities where students are encouraged to actively listen and speak using academic language in order to complete meaningful activities and games aligned with academic lessons. Success is contingent on the interconnectedness between academic time and experiential learning.

Prior to the start of programming:

- CBO partners will be required to identify a lead staff person to submit weekly lesson plans for each day of programming by June 30, 2023 to be reviewed by the Lead Teacher. CSDNB Lead Teachers will assist program providers in reviewing program plans and curriculum to better align with academic enrichment standards. An in-person meeting will be required for each program. The date will be determined between the partner and the Lead Teacher.
- CBO partners will be responsible for providing all program supplies, including consumables and curriculum materials.
- One CBO representative must attend a 2-hour orientation in May (time and location TBD) to review CSDNB Policy and procedures relating to: The Office of Talent Development (formerly human resources), curriculum, and program design.
- All CBO employees interacting with students must complete the Consolidated School District of New Britain volunteer application which includes fingerprinting. CBO direct service staff will be required to attend a two day training on operating procedures and curriculum alignments on July 6-7, 2023 from 8:00am-11:30 am at the program site.
- All CBO partners must sign a contract prior to program implementation that includes participation and cooperation in any evaluation conducted during and after the New Britain Summer Learning Experiences ends.

III. The Consolidated School District of New Britain agrees to the following:

- Recruit and register students who meet the criteria for the Summer Learning Experiences Program.
- Provide student transportation for all qualifying summer program participants.
- Provide professional development opportunities for summer staff.
- Provide breakfast and lunch for all summer participants.

IV. Responses to the following questions must be included with the proposal SEE Program (K-3):

- 2 AM groups of up to 20 students for 80 minutes each
- 2 PM groups of up to 20 students for 80 minutes each
- 1. How does your program incorporate experiential, intentional, project based, fun and engaging learning activities for the students in the age group you are serving?

Hands on activities include: exercise drills like jump roping, proper form techniques, running and core strengthening activities. We mix up workouts to make them fun but also challenging their minds through encouragement coaching. Example: 10 pushups but the students are getting tired and their minds are giving up. We encourage students to push through those tough moments so they can come out as a winner. Even if they don't end up finishing the 10, we compliment their strength and willingness to participate and do more than they thought. Enforcing them with positive coaching that they CAN get through the most difficult things. We offer flexibility and find creative ways to keep all kids engaged no matter their physical ability. We make this program work and tailor it to kids in any circumstance: wheelchair bound by including them and modifying activities that they are capable of. If there is a student who can not participate in the physical aspect, we will find a role for them to play, perhaps in leadership by helping to instruct the class or a small group.

2. Describe your organization's ability to develop lesson plans that meet the <u>Common Core</u> <u>Speaking and Listening</u> academic standards. In what way will your program integrate the standards into the curriculum once developed? Include information on your planned curriculum; is this existing or in development?

Students are instructed to respect others and that includes the instructor/teacher. If class is going, questions can be answered by raising hands. If a student gets off topic, we guide them back to the discussion or training by making ourselves relatable to an experience they may have had. We emphasize the importance of being a team and team training but also allow and encourage students to come up with their own ideas by tapping into their creative minds, but doing so on topic and with great respect for all.

3. Describe your organization's capacity and past experiences working with students in providing developmentally appropriate based summer experiences.

We have been working with students in this capacity for greater than 30 years and have been an integral part of the summer experiences. Every year has looked different but each one has offered its own set of experiences in which we have been able to grow and learn from. We look forward to providing summer enrichment and go on to develop even better relationships with some of the students after summer. We have dozens of black belts that have come through these programs and some of them even look forward to teaching with us.

4. What does a typical day in your program look like? What are students and staff members doing?

2

01/30/2023 45

- Prepping for class (uniform, belt, t-shirt, attendance)
- Bowing in (instructor begins class after everyone is at attention)
- Stretching
- Cardio warm up
- Bathroom break (this is done in groups, in an orderly manner)
- Martial art instruction (listening skills & following directions on proper form techniques)
- Cool down (light stretching)
- Mindfulness (class engagement of what we can improve on and offering each other ways to help)
- Fun time (engage in a fun activity with the kids, getting them to open up to us in relatable, fun ways)
- Preparing for departure (changing, done in an orderly manner)
- 5. What is your current staffing structure and qualifications? If you intend to hire for this program, how will you ensure your staff is adequately prepared to meet your program's requirements as well as monitor their performance in SEE?

Our staff is made up of our highest achieving students. They have trained with us for a minimum of 3 years and have the proper skills to teach side by side. In addition, most of them have gone through the summer experience programs or have had siblings in the programs and know how they work. We ensure our staff knows how to properly handle situations that can arise. They are overseen by the master instructors and work alongside as helpers at all times.

6. How does your program meet the needs of culturally and linguistically diverse students or students with exceptionalities and provide equitable experiences for all students participating?

We have a very culturally diverse program with students and staff from several different countries and speaking several languages, including English, Arabic and Spanish.

7. What are the goals and anticipated outcomes and indicators of progress and/or success of your program?

The goals and anticipated outcomes are to guide students with plenty of challenges and the tools to overcome them. You'll be amazed at the difference just a few weeks of lessons will make in the way they feel about themselves and their abilities. We integrate a stripe system allowing kids to earn stripes for their belts for positive recognition. Our staff consistently use praise and positive feedback in every class to encourage students and motivate effort. We leave them with an I CAN DO IT attitude.

8. Describe how you will integrate the overall theme: SEE your place in the Community.

Our theme to integrate will be: SEE what I can do?

Integrating techniques learned with the discipline experienced through class, students will perform a demonstration at the end of the program showing what they learned and what they are capable of. We will have all students perform for their capabilities.

Background and Purpose/Rationale

Modern Classroom Project is a different pedagogical approach to managing classroom academic success. With training provided by this organization we hope to improve teacher's capacity to reach students through instructional videos, small group meetings, and individual feedback sessions. Students will be responsible for their own success via clear success criteria, self monitoring, and guided support from peers. The initial plan is to roll this out for one year with 60 teachers in grades 6-12 beginning this June. We will provide collaborative opportunities throughout the year for teachers to refine their practices and offer support to one another. If successful, the plan is to eventually train all of our 6-12 teachers by the end of 2025. This approach works well with our plans to implement student led conferences next year and does not have an anticipated effect on curriculum. This strategy can be implemented in all content areas with adjustments as necessary.

The contract is for services rendered through virtual professional development from MCP. They will provide training to 60 teachers, where each teacher will receive a \$500 stipend once completed. Total cost is \$43,750 with \$30,000 going back to teachers for completing the courses on their own time.

The total is \$43,750 and the funding source is 101096122004-53200.

Background and Purpose/Rationale

Amplify's mCLASS DIBELs is a comprehensive literacy assessment that we will use with students in K-3. This assessment is on the State Department of Education's list of approved reading assessments. It will replace iReady reading in the early grades to bring us into compliance with the state requirement. Its subtests will allow us to pinpoint the areas of early reading for which students are progressing well and for which students are struggling, making instruction more effective.

with FERPA or applicable state laws relating to PII. Amplify's Customer Privacy Policy at http://www.amplify.com/customer-privacy will govern collection, use, and disclosure of information collected or stored on behalf of Customer under this Agreement.

IN NO EVENT SHALL AMPLIFY BE LIABLE TO CUSTOMER OR TO ANY AUTHORIZED USER FOR ANY INCIDENTAL, SPECIAL, CONSEQUENTIAL, PUNITIVE, RELIANCE OR COVER DAMAGES, DAMAGES FOR LOST PROFITS, LOST DATA OR LOST BUSINESS, OR ANY OTHER INDIRECT DAMAGES, EVEN IF AMPLIFY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. TO THE EXTENT PERMITTED BY APPLICABLE LAW, AMPLIFY'S ENTIRE LIABILITY TO CUSTOMER OR ANY AUTHORIZED USER ARISING OUT OF PERFORMANCE OR NONPERFORMANCE BY AMPLIFY OR IN ANY WAY RELATED TO THE SUBJECT MATTER OF THIS AGREEMENT, REGARDLESS OF WHETHER THE CLAIM FOR SUCH DAMAGES IS BASED IN CONTRACT, TORT, STRICT LIABILITY OR OTHERWISE, SHALL NOT EXCEED THE AGGREGATE OF CUSTOMER'S OR ANY AUTHORIZED USER'S DIRECT DAMAGES UP TO THE FEES PAID BY CUSTOMER TO AMPLIFY FOR THE AFFECTED PORTION OF THE PRODUCTS IN THE PRIOR 12 MONTH-PERIOD. Sections 3-13 shall survive the termination of this Agreement.
- 14. Miscellaneous. This Agreement, including all addendums, attachments and the Quote, as applicable, constitutes the entire agreement between the parties relating to the subject matter hereof. The provisions of this Agreement shall supersede any conflicting terms and conditions in any Customer purchase order, other correspondence or verbal communication, and shall supersede and cancel all prior agreements, written or oral, between the parties relating to the subject matter hereof. This Agreement may not be modified except in writing signed by both parties. All defined terms in this Agreement shall apply to their singular and plural forms, as applicable. The word "including" means "including without limitation." This Agreement shall be governed by and construed and enforced in accordance with the laws of the state of New York, without giving effect to the choice of law rules thereof. This Agreement will be binding upon and inure to the benefit of the parties and their respective successors and assigns. The parties expressly understand and agree that their relationship is that of independent contractors. Nothing in this Agreement shall constitute one party as an employee, agent, joint venture partner, or servant of another. Each party is solely responsible for all of its employees and agents and its labor

costs and expenses arising in connection herewith. Neither this Agreement nor any of the rights, interests or obligations hereunder may be assigned or delegated by Customer or any Authorized User without the prior written consent of Amplify. If one or more of the provisions contained in this Agreement shall for any reason be held to be unenforceable at law, such provisions shall be construed by the appropriate judicial body to limit or reduce such provision or provisions so as to be enforceable to the maximum extent compatible with applicable law. Amplify shall have no liability to Customer or to third parties for any failure or delay in performing any obligation under this Agreement due to circumstances beyond its reasonable control, including acts of God or nature, fire, earthquake, flood, epidemic, strikes, labor stoppages or slowdowns, civil disturbances or terrorism, national or regional emergencies, supply shortages or delays, action by any governmental authority, or interruptions in power, communications, satellites, the Internet, or any other network.

Purchase Order

Background and Purpose/Rationale

Each year, CSDNB provides student planners for all students in grades 3-8. The student planner is an organizational tool for students to use to record their homework, assignments or projects. It is also an excellent communication tool for parents to help their students stay on track and be successful. This is a recurring expense charged to Title 1, addressing parent engagement. Only one supplier exists for Bilingual planners, in which all text is provided in both English and Spanish. In the past, we have purchased bilingual planners for all students at DiLoreto and for our Multilingual students at the 3-8 schools throughout the district. This year, to assist with transition from the middle schools, we are also purchasing planners for our Grade 9 students, to be distributed at Grade 9 orientation/first day of school. The familiar routines for using the planners that students have established in grades 3-8 will be helpful as students transition to the high school level. Planning, prioritizing, task initiation and time management are critical to academic success. Student planners assist students with mastering these important life skills and habits of mind as they make their way toward graduation.

The supplier is School Datebooks. The purchase order contains the total cost for all students in grades 3-8 to get a student planner.

The total is \$21,194.28 and the funding source is Title 1: 2011-969-10001-56900

Board Policy 3324.0 (Bids, Quotations and Purchase Orders) requires Board approval for purchase orders in excess of \$15,000.
