Admission and Placement of Student in DiLoreto Dual Language Program

Dual Language Program

The Board of Education values the language diversity of our school community and is committed to providing educational programming that honors that diversity. The New Britain Board of Education supports programming that cultivates bilingualism and biliteracy so that students have the opportunity to further develop their literacy skills in both Spanish and English. To that end, the district supports Dual Language education that develops biliterate and culturally competent students.

The Dual Language Program will be considered a program within DiLoreto School that provides literacy and content instruction to students in Spanish and English. This program will deliver the same standards-based academic content as general education programs by integrating language and content instruction. The Dual Language program will include a balanced number of Spanish speaking and English speaking students to ensure optimal language learning in both languages and high academic expectations for all students.

I. Application Process for Dual Language Program at DiLoreto Magnet School

If an application is received but a custodial parent/legal guardian did not attend the mandatory information meeting, the application is removed from the application and lottery processes.
- G. Dominant language determination assessments (for students/applicants whose eligibility for the lottery has been verified) takes place between January and March.

II. Lottery Process for Dual Language Program

A lottery process will take place in the event the applications exceed available seats.

- A. Lotteries will be conducted no later than the last school day of March prior to the school year of enrollment.

- C. Applicants will be informed of their selection in the lottery by letter and/or email no later than April 30th.
- D. If an applicant is offered a seat for the Dual Language Program, the applicant has until the deadline specified in the letter to accept or decline their seat. If the acceptance form is not returned within the time period specified in the letter, the applicant forfeits his/her seat and the next student on the waitlist is offered the seat.
- E. Waiting lists will be developed when the number of applicants exceeds the available seats.

The lottery process may give preference, only if seats are available to students entering the lowest grade of the school or program of choice to which they are applying who have a sibling who will still be enrolled in the school or program of choice during the next school year when the applying student enters the school or program of choice.

III. Transportation

Transportation for New Britain students will be provided by the District in accordance with applicable transportation policies and administrative regulations. The administration will make its best effort to provide transportation to all such students.

IV. Late Entry Process for Dual Immersion Program

The goal of this process:

Siblings of students already enrolled at DiLoreto will receive a numeric standing that is weighted doubly for preference. This means they will be twice as likely to receive a higher ranking in the lottery's numeric order than non-siblings, but it does not mean automatic entry. Siblings are defined as children who share at least one custodial parent/legal guardian and who reside at the same address.

C. Transportation

Transportation for New Britain students will be provided by the District in accordance with applicable transportation policies and administrative regulations. The administration will make its best effort to provide transportation to all such students.

D. Late Entry Process for Dual Immersion Program

The goal of this process:

- Student Success - an accurate measure to maximize student success in the Dual Language Program
 - Balance - maintains the balance needed to maintain program fidelity
 - Equity - encouraging equitable access to the program for all students who are likely to benefit from the structure of the Dual Language Program
- a. Students already enrolled in the program are automatically rolled up to the next grade. Open seats are determined shortly before the lottery. English seats should be filled by native English speakers and Spanish seats should be filled with native Spanish speakers.
 - b. A lottery is held every year for open seats in the program and the wait list is held until the beginning of

the third trimester of the following academic year. In order to maintain a spot on the waitlist, parents must submit an application each year. Parents must attend an informational session in order to receive an application.

- c. Preference is given to siblings of current DiLoreto students (For the purposes of the lottery, siblings are defined as students who share at least one legal guardian and who reside at the same address.)
- d. If seats become available during the year, students and families on the waitlist will be invited in for an interview and evaluation. If they meet late entry criteria, they will be invited to join the Dual Language Program.
- e. New registrations and new arrivals to the district will be assessed to determine if they meet the late entry criteria specific to their grade level and be offered the option of being added to the bottom of the existing waitlist for their grade.

II. Lottery Process for Dual Language Program

A lottery process will take place in the event the applications exceed available seats.

A. Lotteries will be conducted no later than the last school day of March prior to the school year of enrollment.

B. Lotteries will be conducted utilizing a randomizing program that will draw new selected students. C.

Applicants will be informed of their selection in the lottery by letter and/or email no later than April 30th.

D. If an applicant is offered a seat for the Dual Language Program, the applicant has until the deadline specified in the letter to accept or decline their seat. If the acceptance form is not returned within the time period specified in the letter, the applicant forfeits his/her seat and the next student on the waitlist is offered the seat.

E. Waiting lists will be developed when the number of applicants exceeds the available seats.

The lottery process may give preference, only if seats are available to students entering the lowest grade of the school or program of choice to which they are applying who have a sibling who will still be enrolled in the school or program of choice during the next school year when the applying student enters the school or program of choice.

III. Regulations

- a. Opt-out letters for available seats in grades 1-8 will be sent in February/March with an acceptance due date in April. To be eligible for a seat, the student must have attended school at another CSDNB school in the previous academic year.
- b. Opt-out letters for seats in Kindergarten, non-dual, will be sent in June to all who have registered.
- c. Families will be contacted from the waiting list until all seats are filled, but not beyond October 1st.

III. Transportation

Transportation for New Britain students will be provided by the District in accordance with applicable transportation policies and administrative regulations. The administration will make its best effort to provide transportation to all such students.

I. Field Trips

The Board of Education recognizes that field trips for students when properly planned, executed, evaluated, and used as a device for teaching and learning, are an educationally sound and important ingredient in the instructional program of the District/school.

For purposes of this policy, a field trip is defined as any journey by a group of students away from the school premises, under the supervision of a teacher, which is an integral part of an approved course of study, cocurricular activity or class trip and conducted for the purpose of affording a first-hand educational experience not available in the classroom or school.

The value of field trips is directly related to the orientation and preparation of the students by their teacher(s) prior to the trip and the care with which the teacher(s) uses follow-up activities upon the student's return.

II. Types of Field Trips

The District recognizes the following types of field trips. All trips are subject to final approval of the building principal, superintendent and Board of Education, if necessary (see Section III - Approval of Field Trips).

1. School Sponsored Educational Field Trips

School sponsored educational field trips should be directly related to or be an extension of classroom learning experiences. Pre-teaching, planning, and evaluation should always be part of any given field trip. This category of trips includes competitive/performance field trips by academic, athletic, (excluding regularly scheduled interscholastic athletic contests) and performing art groups participating in competition or performance.

2. School Sponsored Recreational Field Trips

School groups may plan trips for recreational purposes. They are subject to final approval of the Building Principal, ~~and Board of Education~~ Superintendent, and Board of Education (if deemed necessary in this policy). Participation may be limited to the members of the sponsoring organization. Such trips are offered on a voluntary basis and are designed as a social activity.

3. School Sponsored Cultural/Enrichment Field Trips

School groups may plan trips for cultural/enrichment purposes. They are subject to final approval of the Building Principal and ~~Board of Education~~ Superintendent, if necessary (see Approval of Field Trips).

4. Trips Unrelated to the District

The Board of Education cannot accept responsibility for non-school sponsored trips/tours. Individuals who plan trips/tours that are not school sponsored must alert parents and students that the planned trip is not associated with the Consolidated School District of New Britain. The trip planners must clearly indicate in writing that they are serving as private agents or private individuals. No school materials may be used for letters to parents, directions or other communications.

III. Approvals of Field Trips

- All school sponsored field trips ~~require~~requires administrative approval.
- For all trips within the State of Connecticut, requests must be submitted a minimum of 10 school days in advance of the departure date to the building administrator. Field trips must be approved by the superintendent or designee.
- All out-of-state field trips require the approval of the Superintendent of Schools 60 days in advance of the departure date.
- All foreign travel field trips must be submitted a minimum of ~~90 days~~one calendar year in advance of the departure date for ~~initial Board Superintendent~~ approval and Board of Education for final approval. No fundraising or advertising activities related to the trip may be conducted prior to initial Superintendent approval. Between 90 and 120 days in advance of the departure date, the sponsoring staff member must request a meeting with the Superintendent to gain final approval. The purpose of this two-step process to ensure that conditions of safety and security in the destination country have not changed since the initial approval.
- Superintendent approval of all field trips shall be conditional. Approval for any field trip may be revoked at any time by the Superintendent or Building Principal if a change in circumstances, whether man-made or natural, would warrant cancellation in the interest of safety of the students or staff.
- Parents/guardians are responsible for obtaining trip cancellation insurance. This is strongly recommended. The Board of Education is not responsible to refund students for cancelled trips or to pursue reimbursement from travel agents or trip insurance carriers, under any circumstances.
- Before funds are solicited or collected, all field trips must be approved by the appropriate designee, as described in this section.

IV. Optional Considerations:

- Any trips involving swimming must receive special approval from the ~~S~~superintendent and must be signed off by the student's parent/guardian.
- Parents/guardians who feel their child should not participate may deny permission and arrangements will be made for the child to remain at school on the day of the trip.
- Use of privately-owned vehicles or leased vans to transport students to and from field trips is strictly prohibited, except in the case of a bona fide emergency. Determination of a bona fide emergency will be made by the field trip leader if the Superintendent or Principal is not present or available or not possible to contact. Staff and parents/guardians who use their own vehicles risk being legally liable for any injury a student sustains while in the vehicle.
- Chaperones on school sponsored trips will be covered for liability purposes by the school district policies.

- The administration, with the Superintendent's approval, reserves the right to deny the participation for any student on any overnight field trip based upon a record of inappropriate behavior and/or poor attendance pattern.

V. Costs of Field Trips

Students may be assessed for the cost of field trips which includes transportation, lodging, meals, and entry fees.

Fund raising activities (following District policies) may be used to defray the cost of a field trip. When the cost is considerable, a discreet arrangement can be made with the administrator for the possible assistance in payment for those individuals experiencing a hardship.

VI. Additional Considerations

This policy does not apply to regular interscholastic athletic games/competitions, as that schedule is developed by the Athletic Director in conjunction with the administration. Any trips by athletic teams beyond the regular interscholastic schedule must be approved in accordance with this policy. The acceptance of any gratuities, discounts and/or gifts for personal use resulting from field trips is prohibited.

Any gifts, gratuities, or promotional items provided by travel companies will become the property of the District and will be used for the benefit of the trip or the school.

The Superintendent shall establish regulations/procedures for the review and approval of field trips. These procedures shall address the process for prior screening, evaluating and approving field trips. All reasonable steps are to be taken to ensure the safety of participants. Additionally, the procedures should require prior Building Principal approval of all field trips, and prior approval of the Superintendent. Furthermore, the procedures shall establish assurances that:

- All students have parental/guardian permission for trips
- All trips are properly supervised, all safety precautions are observed
- All trips contribute substantially to the educational program
- All trips are funded by the District (or funding is addressed in the planning)
- All safety precautions are observed
- For overnight trips and with advance notice to parents/guardians, students' luggage/baggage may be searched prior to or at any point during the trip to ensure safety and compliance with all Board of Education policies regarding prohibited items.
- For overnight trip room assignments: Students will be assigned roommates based on gender/gender identity, preference and/or best fit. If a student attending an overnight trip prefers an individual room for any reason, they may submit such request to the district [CHOOSE ONE: when filling out their room preference form OR by DATE]. Once requested, single rooms will be assigned based on availability. Depending on the costs charged by the lodging facility, the students' family may incur an additional cost for a single room. The district will provide each family with the names of students who have been assigned to room with their child, but additional information regarding other students will remain confidential, in accordance with state and federal law.

Presentation to the Board

Background and Purpose/Rationale

Art Curriculum

K-8 Art, Elements of Art, Drawing 1

This presentation is aligned with Dr. Gasper’s ‘Essential 10’ - Curriculum: A rigorous, useful, Board-approved curriculum document for every subject area, course, and grade.

As discussed at the last Curriculum Committee meeting, the curriculum renewal and curriculum writing process has been progressing and there is curriculum ready to move forward to the Board for approval. The curriculum coming to the December 11 meeting is taught in the ART Department and will be presented by the NBHS Fine Art Dept Teacher Leader for 9 - 12 Melissa Lesser and K- 8 Art teacher / curriculum author Jenna Lombardo.

Ms. Lesser and Ms. Lombardo and the art teachers team have spent time ensuring curricula are based on and aligned to the Connecticut Core Standards for ART, Connecticut English Language Proficiency Standards (CELP) and CSDNB’s Profile of a Graduate (POG). The authors have aligned and built on concepts from K to grade 12 in the art curricula and assessment structure. Students will be able to create, present, produce, respond to and connect with Art in grades K - 12 at high levels to support effective communication, creativity, problem solving and innovation.

BLAZERWORKS SERVICE AGREEMENT

THIS SERVICES AGREEMENT (hereinafter “Agreement”) is entered into by and between VocoVision, LLC d/b/a BlazerWorks (hereinafter “BW”) located at 5550 Peachtree Parkway, Suite 500, Peachtree Corners, GA 30092 and **New Britain School District** whose principal address is 272 Main St, New Britain, CT 06050 (hereafter referred to as “Client”). This Agreement shall govern the overall terms of the relationship and the parties agree as follows:

1. Scope of Services.

This Agreement sets forth the general terms and conditions governing the contractual relationship between Client and BW regarding the administration and management of providers of personnel to perform services for Client. BW, a licensed entity in the business of providing workforce solutions to the public and private education sector and not a healthcare provider, will use its commercially reasonable efforts to source Consultants for assignment with Client. In such capacity, BW will act as a non-exclusive workforce solutions manager between Client and its supplemental staff (“Consultants”) and may carry out its responsibilities hereunder using one or more Secondary Staffing Partners (“SSP”), including its affiliated divisions/companies. During the term of this agreement, all communications regarding the day-to-day activity and professional operations of the services outlined in this agreement will be conducted between BW and Client.

2. Independent Contractor.

The parties hereto specify and intend that the relationship of each to the other is that of an independent contractor, and that no Consultant shall at any time be an employee of Client, unless the parties shall otherwise agree in writing.

3. Competency and Licensing.

BW will present Consultants who possess the licensure and/or certification required for the position identified by Client. In addition, BW will present Consultants who, as closely as possible, represent that they meet the experience and other qualifications as requested by the Client. BW and BW in conjunction with SSP will make every effort to pre-screen job candidates based on Client’s requirements and perform due diligence to ascertain the professional and applicable Department of Education licensing and certification requirements for the Consultant referred to Client. Client acknowledges that the decision to accept and keep any Consultant on assignment is ultimately the responsibility of the Client. Client shall complete Attachment A – Credentialing Requirements and shall update in writing with BW as requirements change. BW shall not make any intentional misrepresentations about any Consultant and disclaims responsibility or liability for fraud or misrepresentation by consultants not readily ascertainable by reasonable diligence in performing BW’s services.

4. Employment of Consultants.

Client agrees that it will not directly or indirectly, personally or through an agent or agency, contract with or employ any Consultant introduced or referred by BW or through its SSP for a period of one year after the latest date of introduction, referral, placement or last day of scheduled assignment. If Client or its affiliate enters into such a relationship, Client may be subject to pay a fee per Consultant. Applicable fees are determined by each SSP. Fees will be outlined in each Consultant’s Assignment Confirmation. Blazerworks will facilitate contact between Client and SSP to verify or negotiate fees. Payment is due and payable to BW on the first day such Consultant provides services to Client outside of this agreement.

Client agrees that it will not solicit any Consultant who during the course of business is introduced or referred by BW to Client. Moreover, the Client agrees it will not solicit any Consultant prior to a Consultant Assignment Confirmation being executed. Client shall be subject to a fee of 35% of the Consultant’s first year annualized compensation if a Client or its Affiliates intentionally interferes with the relationship of BW and its SSPs, or attempts to solicit any Consultant from BW or its SSPs.

BW agrees to waive direct hire fees for eligible contractors per school year, to be eligible for direct hire, a contractor must have completed a minimum of two (2) full school years with the New Britain School District. A “full school year” is based upon the first and last day outlined in the NBSD calendar. After such period, the eligible contractor may pursue a direct hire by New Britain School District for the upcoming school year without the district incurring any fees or they have the option to renew their existing agreement with the New Britain School District through BW for the following school year.

5. Limitation of Liability.

Neither party shall be liable to the other whatsoever for any special, consequential, indirect, exemplary or punitive damages, including any damages on account of lost profits, lost data, loss of use of data, or lost opportunity, whether or not placed on notice of any such alleged damages and regardless of the form of action in which such damages may be sought. The fees and billings due under this agreement are not considered special damages or lost profits and shall not be limited by these provisions. Further, excluding claims arising out of BW’s failure to pay SSP’s for services rendered after having received payment from Client for

such services, in no event shall BW's aggregate liability with respect to any claim or liability arising out of or relating to the Agreement exceed \$25,000.00.

6. On-Site Responsibility.

Client is responsible for providing all orientation, support, facilities, training, direction, and means for the Consultant to complete the assignment. Client acknowledges that BW is not providing special education or related services, but rather is providing candidate identification and management services. As such, Client acknowledges that BW is not responsible for the Consultant's on-site performance given that it does not have the capacity to provide direct, on-site supervision of daily activity. Client warrants that its facilities and operations will comply at all times with applicable federal, state and local safety and health laws, regulations and standards, including any applicable OSHA standards, and that Client will be responsible for providing all safety training and equipment.

7. Professional Fees.

Client will be responsible for verifying hours worked by Consultants as documented on the Consultant's timesheet and any discrepancy must be reported to BW by 10:00 on Tuesday following the work week end. Client will pay BW based on hours worked and in accordance with the service charges specified on one or more Assignment Confirmations, which will be included as addenda to this Agreement. BW will generate an invoice for Client based on timesheets submitted. Client must review the invoice and notify BW of any errors, including billed hours or improper rates, within thirty (30) days of the date of invoice. BW shall resolve any error and provide corrected invoice mutually acceptable to both parties within a reasonable period. In the event client fails to dispute or report any errors within thirty (30) days, errors shall not be accepted as a disputed charge and invoices will be due and payable in full. All pre-approved hours worked over forty (40) hours in a one-week work period will be billed at one and one-half times the regular bill rate unless applicable law requires double-pay, in which case such time will be billed at two times the regular bill rate. Client hereby notifies BW that pre-approval is required for any and all overtime hours prior to any such hours being worked. SSP invoices will be collected by BW, consolidated and submitted to Client. BW will pay SSPs within 15 days of BW's receipt of payment from Client for services provided by such SSP.

8. Payment Terms.

BW reserves the right to consolidate Consultant and SSP invoices, and invoice Client on a weekly basis for all services provided during the previous week. Payment is due upon receipt. Invoices are considered past due thirty-five (35) days from date of invoice after which time a default charge will be imposed at one and one-half percent (1^{1/2}%) per month on unpaid balances (annual percentage rate of eighteen percent (18%)) or the maximum legal interest rate, whichever is lower. Client agrees to pay all necessary collection costs of amounts past due, including reasonable attorney's fees and costs. BW reserves the right, at its option, to discontinue any extension of credit. Should billing disputes arise, Client shall notify BW in writing within thirty-five (35) days of the receipt of the disputed invoice.

9. Administrative Responsibilities.

Client shall be responsible for orienting Consultants to Client's policies and procedures regarding the submission of any requisite paperwork which must be tendered for reimbursement by funding entities such as Medicare, Medicaid, or health insurance. Such paperwork may include, but is not limited to, patient care plans, comprehensive patient histories, individual education plans, or Client specific program plans. During the contracted assignment, should Consultants fail to submit paperwork as required per Client's policies and procedures, Client must notify BW in writing within three (3) business days of alleged failure. Failure to notify BW before assignment ends shall negate any Client claim to withhold payment due to untimely work and/or paperwork non-compliance by Consultant. Client agrees that all approved time sheets by client's assigned representative are not subjected to billing dispute if client fails to notify BW of time sheet and work performed discrepancies. Additionally, Client acknowledges and agrees that if formal notice is required to be given to any Consultant that participation in a retirement system/pension is either: 1) permitted by Consultant's election; or 2) is required by law, Client is solely responsible for providing such notice to BW and Consultant and fulfilling all associated administrative duties. Client shall immediately notify BW if any Consultant is required to, or voluntarily elects to participate in any such system, and agrees that no work will be performed by such Consultant until a signed agreement between SSP and Client sets forth the manner in which all employer and employee contributions will be made.

10. Reporting of Work-Related Injuries.

Client will maintain a safe working environment and provide all appropriate personal protective equipment as deemed appropriate by the Client and suitable to the setting to which Consultants are assigned. Client ensures compliance with all applicable OSHA obligations to include general training on the reporting of work-place injuries, incidents, and occupational exposure to bloodborne pathogens occurring at Client facility. Records of such occurrences must be maintained by the Client and accessible to BW within guidelines set forth by governing entities. In the event of work-place injury, incident or exposure, each affected Consultant will contact their immediate Client-appointed supervisor and report to the applicable treating department as per Client protocol. Consultants shall also report work-place injuries, incidents or exposures to BW and applicable SSPs concurrently with Client.

11. Termination with Cause.

Within a reasonable time after occurrence, Client has the obligation to notify BW of any misconduct or poor performance by the Consultant, and any Consultant-involved incident that would be considered adverse to the overall operation of Client. Client may request that BW facilitate the immediate removal of any Consultant due to any of the issues preceding with written and/or verbal notice. The Client, however, may not immediately terminate a Consultant's assignment unless BW or SSP has been notified as set forth in the first sentence of this section, or unless a single incident warrants immediate dismissal prior to BW's notification. All supporting documentation specifying the reasons and facts of the termination is required within two (2) business days after termination. If the Client does not report such deviation(s) and subsequently terminates Consultant's assignment, or if Client does not provide required documentation following a termination within the required timeframe, the termination will be treated as a Termination Without Cause, and Client will be billed for fifteen (15) days at the agreed upon regular bill rate and minimum hours as set forth in Section 13 below. The parties agree that Consultants are an integral part of its operation and a resource that may have been developed over a number of years. Any delay or absence of a written and verbal notice could result in lost revenue or other consequences not foreseen at this time and therefore the liquidated damages are not unreasonable to the probable loss to be suffered by BW in the event of a breach of this provision. Client will be responsible for all professional fees (and expenses if applicable) up to the point of termination. Should BW identify a suitable replacement Consultant within two (2) business days after termination, Client agrees to original terms or extended terms of the terminated Consultant's assignment.

12. Termination without Cause.

Either party may cancel an assignment with sixty (60) days prior written notice. In that event, Client is responsible for all charges and fees prior to cancellation date and through the 60-day period of notice. In the event Client is unable to provide sixty (60) days' notice of termination, Client will be billed for sixty (60) days at the agreed upon regular bill rate and minimum hours. In the event of termination without cause, Client will be responsible for any housing and travel costs actually incurred by BW and/or SSPs as a result of such cancellation. In addition, Client may cancel an assignment with sixty (60) days prior written notice to BW in the event that the assignment becomes unnecessary for reasons beyond Client's control, including (but not limited to) extended absence of the student to whom the Consultant is assigned or a reduction in the number of students receiving services from the Consultant.

13. Guaranteed Minimum Hours.

Client agrees to provide Consultant the guaranteed number of work hours per week specified in Addendum A one of which will be issued for each Consultant placed with Client. Cancellation of prescheduled workdays or reduction in work hours by Client will be billed reflecting the guaranteed minimum work hours. Minimum work hours shall be reduced to reflect scheduled closings for holidays and planning days.

14. Paid Sick Leave.

For those jurisdictions that have passed or will pass paid sick time legislation, Paid Sick Time will be the responsibility of BW or the SSP, as applicable, and will not be billed to Client.

15. Unscheduled Facility Closure Policy.

The parties agree that in the event of an unforeseen or unexpected interruption in an Consultant's assignment resulting from an unscheduled closure, complete or partial, of Client's facilities due to natural or manmade disasters, such as, and without limiting the generality of the foregoing, fire, storms, flooding, earthquake, labor unrest, riots, and/or acts of terrorism or war (each an "Unscheduled Closure"), Client will be invoiced and shall pay for each such affected Consultant's services at the reduced rate of \$200 per day for each day that the Consultant (s) is unable to work by virtue of such Unscheduled Closure.

16. Indemnification.

BW will contractually require, in all subcontractor/sub-vendor agreements, that each SSP agree to defend, indemnify and hold harmless Client (as a third-party beneficiary) and BW together with their governing boards, executive boards, directors, officers, employees and agents from and against all liability, loss, expense, damage or claim for injury or damages arising out of or relating to its performance of services to Client including, without limitation any and all claims for injury or damage caused by or resulting from the acts and/or omissions of Consultants and/or SSPs, including acts and/or omissions of their directors, officers, employees or agents.

Board Memorandum

Senior Leadership Sponsor: Tony Gasper Staff Presenter: Rebecca Gonzalez

Type of Memorandum

Purchase Order and Bid Waiver

Background and Purpose/Rationale

A large area of the metal roof at Roosevelt is in need of snow guard installation. Not having the snow guards is a safety issue as melting snow glides off the roof with nothing to stop it. The area that takes on the snow is a walkway and it then becomes an unsafe walkway when snow melts or it becomes frozen ice. The snow guards have been missing now for a few years.

The proposal from our existing roofer, Allied, includes materials, installation, and labor. The vendor is not on the state bid list but has been working to service the district's roofing issues for several years. Due to the sensitive nature of this project and the need to correct it we are recommending that Allied perform this work.

Due to snow and/or ice falling from the roof onto walkways, we would like to repair this as soon as possible as it is a safety and liability concern.

TERMS AND CONDITIONS

1. **TERMS.** One-half (50%) of the amount of this contract is due and payable at start-up/mobilization. The second half of the amount of this contract is due and payable upon completion. Interest shall start to accrue 30 days from the date of final invoice on any unpaid balance at 1 ½ % per month (18% per annum) or at the maximum legal rate permitted by law. If legal proceedings are required to collect an unpaid balance, all costs including actual attorney fees shall be added to the unpaid balance. Non-payment in accordance with these terms shall be considered material and cause for termination of performance by Allied Roofing and Sheet Metal (Company).
2. **TERMINATION.** If the Customer fails to make payment as provided herein through no fault of Company, Company may, upon seven (7) days written notice to the Customer terminate this contract and recover from the Customer payment for all work executed and for any loss sustained upon any materials, equipment, tools and construction equipment and machinery, including reasonable profit and damages applicable to the project, attorney's fees, court costs and costs of collection.
3. **ADDITIONAL CHARGES.** The following shall be an addition to the proposal price and charged on a time and material basis, including 15% for overhead and profit: addition or deviation from the specifications herein described; damage to our work by others; temporary protection of the building not originally included in this work order; premature notice to start work causing unnecessary trips; trips back to the job to repair openings created after work is complete; and any labor required to be done outside of normal business hours.
4. **DELAY.** If Company is delayed at any time in the progress of the work by any act or neglect of the Customer or the Customer's Agent(s), or by changes ordered in the work, labor disputes, fire, unusual delay in transportation, adverse weather conditions not reasonably anticipatable, unavoidable casualties, or any causes beyond the Company's control, or by any other such cause which may justify the delay, then the contract completion time, if any, shall be extended by Change Order for a period of time equal to such delay.
5. **CHANGE ORDER ACCEPTANCE.** Except as provided in Paragraph 4 above, any changes in the work, the cost or credit to the Customer relating to such changes, or the time for completion must be authorized in writing and signed by the Customer and Company.
6. **MATERIALS.** All materials used shall be as stated in the specifications and/or attached Scope of Work.
7. **CUSTOMER'S RESPONSIBILITY.** The Customer is solely responsible for structural suitability of the building in light of specifications of the roofing system to be applied pursuant to this proposal, including, but not limited to, load bearing capacity, dew point and vapor transmission calculations. Further, the Customer shall be solely responsible for any damages to any furniture, furnishing, fixtures or contents of the building during the performance of the work, except such damages as may be caused by the sole negligence of Company. Customer is aware that roofing products emit fumes, vapors and odors during the application process. Customer shall be responsible for interior air quality, including controlling mechanical equipment, HVAC units, intake vents, wall vents, windows, doors and other openings to prevent fumes and odors from entering the building and shall hold Company harmless from claims relating to fumes and odors emitted during the normal roofing process.
8. **INSURANCE.** Company agrees to purchase and maintain, as required by law, workers' compensation and general commercial liability insurance to protect the Customer from injuries and/or damages which may arise out of or result from Company's operations under this work order and for which Company may be legally liable, whether such operations be by Company or by anyone directly or indirectly employed by Company, or by anyone for whose acts Company may be liable. **Customer agrees to look solely to Company's appropriate insurance carrier for any and all damages resulting from personal injury or property damage claims including those caused in whole or in part by Company.** Customer expressly waives all claims excluded under Company's insurance policies. The Customer agrees to provide sufficient insurance to protect Company against loss of materials installed, or on the premises, due to fire, windstorm, hail or floods. Customer provided property insurance shall be on an all-risk policy form and shall insure against the perils of fire and extended coverage and physical loss or damage including, theft, vandalism, malicious mischief, collapse, false work, temporary buildings and debris removal including demolition occasioned by enforcement of any applicable legal requirements. If the property insurance requires minimum deductibles the Customer shall be responsible for payment of the additional costs not covered because of such increased or voluntary deductibles. The insurance shall waive rights of subrogation, if any against Company. The Customer shall purchase and maintain such insurance as will insure the Customer against loss of use of the Customer's property due to fire or other hazards, however caused. The Customer waives all rights of action against Company for loss of use of the Customer's property, including consequential damages. If Customer is not the owner of the property, then Customer may satisfy its responsibilities hereunder by having the owner provide the coverage in compliance with this paragraph.

10. **STRUCTURAL SUITABILITY.** Company assumes full responsibility for furnishing roofing materials and for their proper installation in accordance with manufacturer's specifications. Company does not, either itself or through its representatives, practice architecture or engineering, and offers no opinion on, and expressly disclaims any responsibility for, structural integrity, compliance with building codes or design. Opinions of competent structural engineers should be obtained by the Customer as to the structural soundness of the roof deck and its ability to properly support normal roof construction equipment and operations and the completed roof system. Company accepts no liability for any failure of the roof deck, its ability to support the contemplated roof installation, or resultant damages.
11. **FINAL PAYMENT.** The making of final payment shall constitute a waiver of all claims against Company by the Customer except for those arising from (a) unsettled liens stemming from work performed by Company, and (b) terms of any guarantee or warranty issued pursuant to this proposal. No guarantee or warranty provided by Company shall be valid until full and final payment is received.
12. **ARBITRATION.** Any controversy or claim arising out of or relating to this contract, or the breach thereof, shall be settled by arbitration in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association. Such arbitration to be held within 50 miles of Company's office. Judgment upon the award rendered by the Arbitrator(s) may be entered in any Court having jurisdiction thereof. The governing law is that of the state where Company's office is located. Notwithstanding the foregoing, in Company's sole discretion, collection of unpaid balances may be sought in any Court having jurisdiction thereof or under this arbitration clause. Any legal claim against Company must be brought no later than one (1) year after Company has completed work.
13. **MISCELLANEOUS.** These Terms and Conditions together with the component parts, including the Scope of Work, the Pricing and Investment Analysis and any other attachments constitute the entire agreement (Agreement) of the parties. Modifications to this Agreement can be made only in writing signed by Company. Customer permitting performance of work indicates acceptance, without exception, of this Agreement, even if this Agreement is not executed. This Agreement is solely for the benefit of Customer and Company, and is not intended for the benefit of any other parties.

NYSS currently holds the licensing for our camera network and access control network. NYSS is the sole source authorized AVA Camera installer/dealer for our school district.

The CSDNB Facilities department recently completed a security audit of the district. One of the recommended action items was to continue updating our legacy camera systems. The district engaged New York Security Solutions who have installed the new camera system into 7 of our facilities. In addition, NYSS hosts the databases for our camera systems and access control systems. The district currently has 11 remaining properties that need updated cameras. NYSS is the authorized installer and holds the current licensing for our AVA cameras network.

We respectfully submit this quotation for the following NEW Toyota Electric Forklift (1 each):

TOYOTA MODEL 8FBE20U, 3-Wheel Sit-Down AC Electric Forklift, quality engineered with the following specification:

- Cushion Tires
- Electric Battery Powered
- **ACTIVE MAST CONTROL (AMC)**
 Toyota's industry exclusive Active Mast Control (AMC) helps improve forklift stability by electronically monitoring and controlling various functions of the forklift. Should the operator inadvertently place the forklift in a potentially unstable longitudinal condition, mast height and load sensors trigger the controller to activate the AMC, which limits forward tilt angle and/or tilt back speed. Additionally, if the operator attempts to lift with the forks tilted forward beyond 1°, the lift speed is automatically limited, encouraging the operator to return the forks to level before lifting.
- **AC DRIVE & AC LIFT SYSTEM**
- **AUTOMATIC PARKING BRAKE**
- **COLOR LCD DISPLAY**

Photo may portray optional equipment not included in your quotation.

Mast 3-Stage (FSV) mast with full free lift. Mast specifications:
 Maximum Fork Height - **189"**
 Overall Lowered Height - 83.5" (Overhead Guard Height - 81.00)
 Free Lift - 35.6" with standard Load Backrest

Lifting Capacity **Base Model Capacity - 4,000 lbs. @ 24" load center**

Background and Purpose/Rationale

We currently use Realityworks infant simulators. Purchasing additional simulators to match what we have will allow our students and teachers a uniform familiar experience that supports the already high level experience all students get with this simulation.

Realityworks' infant simulators and models offer our students real life experiences that address substance abuse education, prenatal education, child care skills, infant safety and CPR, Shaken Baby Syndrome and more. Each hands-on learning aid has everything needed, from powerful, hands-on activities to complete curriculum and supplies. These simulators have been an integral part of our Child Development curriculums and need updating. These simulators help students explore careers such as au pair, nanny, daycare worker, early childhood education, pediatric nursing, pediatrician, etc. Early childhood education is also a recognized pathway and program of study and the integration of these simulators offers valuable skills and knowledge for this pathway.
