Power Goals	Teachers meet with students to affirm or update a reading goal.	77% Within 14 Days
Time Reading	Teachers enter steps to reinforce student reading practice. Students earn a step for every 15 minutes.	Average of 239 steps 3,585 minutes. Almost at goal.
Reading On Grade Target	Students on target to be at grade level by the end of the year.	24% in Winter Up from 9%

Early Successes in Reading Daily

Metrics	Definition	Percentage
Reading Practice	The district sets goals for student reading in class and at home. Teachers enter steps to reinforce student reading practice.	Average of 239 steps 3,585 minutes
Reading Engagement	Students motivation and engagement with texts changes with instruction and learning their preferences. It is a fluid measure.	57% of students are avid readers based on their perception as well as teacher observation..

Improvement Science: *Plan, Do, Study, Act (PDSA)*

- Administrators identified a problem of practice, examples:
 - If conferences increase, student performance will increase.
 - If students increase stamina of reading minutes, they will progress more rapidly up the levels of text.
- Identified a strategy, examples:
 - Support teachers to schedule small group
 - Ensure independent reading is part of every day
- Determined a measure, example:
 - IRLA Levels or Steps for Reading Engagement
- Checked in on Feb 22, 2024
 - All schools saw metrics toward their goals.

Takeaways: Through this Administrative Collaboration, schools are sharing strategies, or adult actions, that work for implementation more frequently than every before.

We lots to celebrate!

Daily Practice Includes an Increase in Discourse

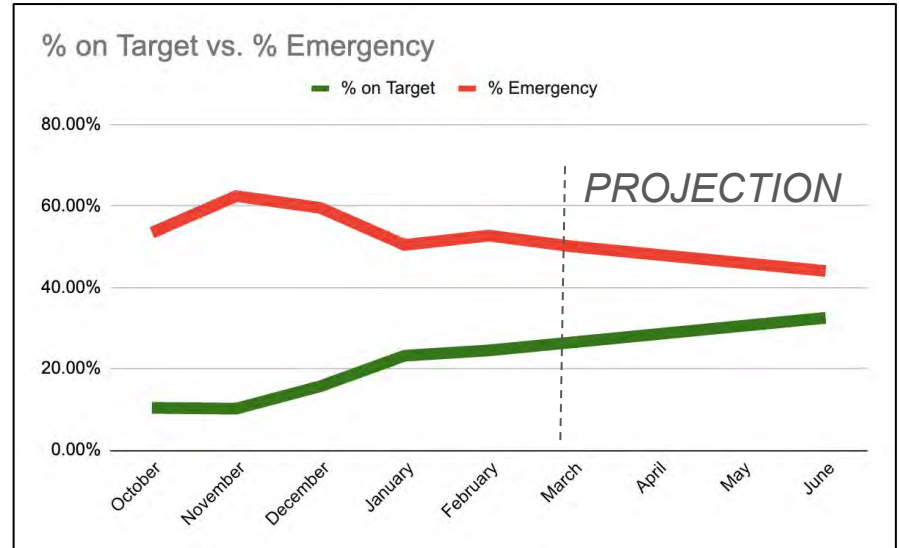

Students are discussing rich, complex text and reading their own independent selections every day.

In Summary...

In general, all K-5 teachers in all schools have done an amazing job implementing the new literacy block and using the new strategies emphasized in ARC. While student progress is steady, we are still not saying significant gains in grade level proficiency across grades. However, monitoring adult actions, we are confident that the shift in instructional strategies across all 7 elements of teaching reading, will result in better outcomes for students.

Summary

Overall, student performance has remained the same in the first half of the year as compared to previous years with a few exceptions. Systemic changes have started to make a difference in instruction as measured by the adult outcomes, including instruction aligned to grade level standards and lesson plans with grade level rigor. These changes to rigor and instruction will begin to make their impact on student performance in the years to come. We are already seeing growth rates increase for most schools...eventually that growth will show up in the proficiency scores.

Background on Legislation

“Public Act 21-199 requires that by July 1, 2022, boards of education adopt a policy, or revise an existing policy, concerning the eligibility criteria for student enrollment in an advanced course or program. The statute defines advanced course or program as “an honors class, advanced placement class, International Baccalaureate program, Cambridge International program, dual enrollment, dual credit, early college or any other advanced or accelerated course or program offered by a local or regional board of education in grades nine to twelve, inclusive.”

CSDE District Guidance on Developing Advanced Course Participation Policy

Advanced Coursework in CSDNB

- Honors Algebra courses in middle school that prepare students to take the high school Algebra 1 final exam and place into a more advanced class in 9th grade.
- Spanish courses that prepare students to take a placement exam and enroll in a more advanced class in 9th grade.
- Advanced Placement in all core content areas are offered.
- Early College Experience with UCONN is offered across content areas.
- Dual credit courses are offered with dual enrollment at CT Central State University (CCSU) and the CT State Community Colleges (CSCC).
- Currently 629 students are enrolled in advanced courses across those categories. Of these, 250 are enrolled in more than one advanced course to earn college credits.
- Enrollment in the courses varies from year to year.
- *No policy or procedure that requires that all students be enrolled in at least one advanced course.*

Demographics of CSDNB Enrollment in Advanced Courses, 2023-2024

*AP/ECE/DE: Advanced Placement/Early College Experience/Dual Enrollment

What does the draft policy change?

- At the high school, counselors must ensure the creation of an academic plan for every student. The plan must be designed to enroll each student in one or more advanced courses or programs, allowing students to earn college credit or result in career readiness before graduation from high school. *
- Requires that the Board of Education review a report on advanced coursework enrollment and credits earned by students each year.
- Requires the District to offer opportunities as early as middle school.
- Requires that schools work with parents to increase awareness about the benefits of advanced coursework and the various offerings starting in middle school.
- It changes the definition of “honors” to include middle school and course content that is not typically college preparatory but demands greater depth and breadth than other courses of its kind.

Board Memorandum

Submitted by Leona C. Clerkin () for approval at the Regular Board Meeting on March 5, 2024.
Senior Leadership Sponsor: Tyrone Richardson Staff Presenter: Leona Clerkin

Type of Memorandum

Acceptance of Donation

Background and Purpose/Rationale

The Mayor's Trophy Charitable Fund is held by the Community Foundation of Greater New Britain. One-hundred percent of all the proceeds go toward the fund and they are never used for political purposes. At the recent Inaugural Ball of Mayor Erin Stewart, the HALS Guitar Ensemble, instructed and led by Mr. Kevin Hebert, performed a forty-minute set of mixed songs including songs from the 1990's. Mayor Stewart has always been a huge proponent of the Arts in New Britain and having been a member of the band herself, she has generously supported various ensembles over the years through her charitable fund. Past donated funds have purchased new equipment for the marching band and new costumes for the madrigals. This year she has graciously agreed to purchase a new amp and case for the HALS Guitar Ensemble to continue the success of this genre of musical performance in the district.

Board Memorandum

Submitted by Kristie Bourdoulous & Tyrone Richardson () for approval at the Regular Board Meeting on March 5, 2024.

Senior Leadership Sponsor: Tony Gasper Staff Presenter: Kristie Bourdoulous

Type of Memorandum

Acceptance of Donation

Background and Purpose/Rationale

The Connecticut State Department of Education released a Connecticut Educator Support Funds Initiative: Helping Our Teachers with Classroom Expenses, allocating \$4 million in ARP ESSER funds to help prekindergarten through grade 12 public school educators get classroom resources through DonorsChoose, a 501(c)3 nonprofit organization. The collaboration provided qualifying Connecticut educators with up to \$1,000 in funding for projects, empowering them to support student success with classroom resources. On February 1st, the CSDE prompted classroom teachers to submit project requests. Eligible requests were funded on a first-come, first-served basis. Funding was depleted within two days of the start. Projects had to align to the CSDE ESSER priorities (1) learning acceleration, academic renewal, and student enrichment and/or (2) social, emotional, and mental health of students and school staff.

The following PK-5 teachers received funding for projects in excess of five hundred dollars, requiring Board of Education approval:

Background and Purpose/Rationale

50 Mobile Student Desk and chairs- The creation of mobile workstations in our makerspace will provide a full class at a time with the opportunity to enhance their Science, Math, Writing, and Art curriculum through the ability to create Audio and Video using professional editing software, to learn code, and CAD. Producing final products that can then be shown in a tangible manner awards students a greater sense of accomplishment whether through digital art, finished published video, 3d printed products, or their own coded sites or applications. Students will be able to work in their class-assigned blocks at different times of the day during the week. The technology center will also be available after and before school programs including the establishment of a news team where 4th and 5th graders will practice narrative and informational writing as they produce a daily newscast for the school. The use of laptops will allow for a modular setup where students, while encouraged to use the full workstation setup (computer and peripherals) can also detach for a more flexible seating arrangement in order to better meet their individual needs.

These Standard Terms and Conditions are hereby incorporated into any order, quotation, proposal or agreement (hereinafter "Order") for goods and/or services from Red Thread Spaces LLC d/b/a Red Thread (hereinafter "Seller") to the party identified as the customer, buyer or purchaser in the Order (hereinafter, "Buyer"). By accepting or entering into the Order, Buyer agrees to be bound by all of the terms and conditions stated herein.

- 1. Payment Terms.** Except as otherwise expressly stated in the Order, a deposit of 50% of the Order price is required, and payment of the balance is due and payable 10 days after invoice date by check, bank wire or ACH with no resulting intermediary fees to Seller. Goods and/or services will be invoiced as delivered and/or provided to Buyer. Buyer is required to pay all sales, use and other taxes on all goods and services provided, and promptly reimburse Seller for such taxes even if not shown on the Order or invoice. Any Buyer claiming to be exempt from taxes must provide Seller with a valid exemption certificate. Buyer must notify Seller within 10 days after the invoice date setting forth in detail the basis of any disputed item. Notwithstanding the existence of any disputed item, payment for all items not so disputed within said 10-day period shall be due and payable 10 days after the invoice date. Interest at the rate of 1.5% per month will accrue on outstanding monthly balances after the date payment is due until paid, and accrued but unpaid interest will be added to the outstanding balance on a monthly basis. Buyer agrees to pay all costs incurred by Seller in collecting any outstanding balances, including but not limited to reasonable attorney's fees.
- 2. Cancellations and Changes.** All Orders are firm and not subject to cancellation or change without Seller's written agreement. If Seller agrees to cancellation or changes, Buyer shall pay all cancellation, restocking and handling charges.
- 3. Delivery Dates and Schedule Changes.** In the event of Buyer's inability to receive goods as scheduled, Seller will arrange for storage of goods, if required. All costs of double handling, demurrage, extra trucking, storage, risk of loss and insurance incurred by Seller as a result of such changes or delays will be borne by Buyer. In the event that goods must be stored beyond 10 days, Seller will invoice Buyer for goods as though the Order was delivered to Buyer and such invoice shall be due and payable 10 days after invoice date. Placement of the goods in storage by Seller is deemed delivery by Seller and receipt by Buyer.
- 4. Conditions of Job Site.** At time of delivery or installation, the job site must be clear and free of all debris and other tradespeople. Electric current, heat, hoisting and/or elevator service, and adequate facilities for off-loading, staging, storing, moving and handling of goods to be delivered and installed must be provided by Buyer without charge to Seller. Failure of the job site to conform to these requirements may result in project delays and additional costs and expenses, which shall be borne by Buyer.
- 5. Delivery and Installation.** Unless otherwise stated in the Order, delivery and installation will occur during Seller's normal work hours using non-union labor, paid at non-prevailing wages. Buyer shall be responsible for payment of all costs incurred as a result of Buyer's request for delivery or installation outside of Seller's normal work hours, including but not limited to overtime and any other additional labor costs. Buyer shall pay all costs of job-site trade regulations enforced at the time of delivery and/or installation, including any requirement that delivery and/or installation be completed by on-site tradesman.
- 6. Work by Others.** Buyer shall be responsible for connection of electrical panels or components to the building power source unless separately stated. Buyer shall be responsible for structural integrity of any walls in which product will be mounted, effects of building vibrations on electrical components and for measurements that can't be verified at time of Order placement.
- 7. Responsibility for Delivered Goods.** Goods shall be deemed delivered to Buyer upon delivery to the job site by Seller. Buyer shall thereafter bear all risk of loss. Board Memorandum

Senior Leadership Sponsor: Kristie Bourdoulous Staff Presenter: Lillie Stuart

Type of Memorandum

Purchase Order

Background and Purpose/Rationale

Foundations is a program that is implemented in CSDNB K-3 classrooms in order to provide research-based instruction that supports our student's phonics and phonological awareness. This continues to be an area of need as evidenced in our student's performance on the DIBELS assessment. Foundations instruction is grounded in the science of reading and our district-wide American Reading Core (ARC) curriculum. Additionally, Tier II and III students' individual needs are met in small group by Foundations trained special education and ML teachers as well as literacy tutors. This memo proposes to replenish student consumables in our efforts to continue to provide high quality foundational instruction.

Financial Information

The total is \$53,676.00 and the funding source is Alliance 234196910001-56110.

**Re: Smith Elementary School and Jefferson Elementary School – New Britain, CT
Feasibility Study for Extension/Alterations and Grant Applications for School Building
Projects**

Dear Ms. Gonzalez:

Kaestle Boos Associates, Inc. (KBA) is pleased to submit this proposal to the Consolidated School District of New Britain (the District) to provide services associated with the preparation of a feasibility study and subsequently submission to the Office of Grants Administration for each school. We appreciate the opportunity to once again provide our services to the District. We have prepared this proposal based our understanding of the projects as follows:

- Conduct a Feasibility Study for both existing schools to analyze the ability to achieve Renovate-to-New status, the addition of pre-k at Smith Elementary School, and funding through the Office of Grants Administration.
 - Completion of the Feasibility Study and anticipated grant submission for Smith Elementary School and Pre-K by June 2025.
 - Completion of the Feasibility Study and anticipated grant submission for Jefferson Elementary School by June 2027.

SCOPE OF WORK

Task 1 - Existing Conditions Assessment

Project Kick-Off

Representatives from KBA, the District, the Building Committee, and the City will meet to identify and develop general project objectives and a process outline. The goals for the project must be clearly understood by the entire team so that individual decisions are in-step with the original, agreed-upon objectives. This is an opportunity to review/discuss all pertinent information to further understand the use and operation of the facility in order to provide meaningful and cost-effective design solutions. The meeting will review the overall project scope, goals, expectations, schedule, and identification of next steps.

Information Gathering

We will review all existing documents, previous reports, and drawings available for the existing facilities. We understand the District has separately engaged the services for a demographic analysis and the creation of the Educational Specifications with a space use summary. KBA will review the final Educational Specifications and space use summary to develop concepts for renovations and additions to the existing facilities to meet their needs.

We will also consult with local officials, including the Building and Fire Departments, to establish a review and permitting timeline, as well as talk with local building officials, planning and zoning officials about the site. This will allow us to establish a complete understanding of any critical issues unique to the site.

Facility Assessment

We will conduct multiple on-site reviews of each facility to develop an understanding of the school's physical constraints and opportunities. We will prepare a report of our analysis of the facility, which will become the foundation of design decisions for the study. It will also serve as the reference point for all decisions regarding lifecycle cost analyses.

Based on the first round of investigations, a selective demolition analysis of areas and testing of plumbing and mechanical systems regarding their life expectancy may be recommended. If these services are found to be necessary, we will notify you to discuss and evaluate the work and related fees to perform such work.

Code Compliance

The existing facilities will be reviewed for compliance with current local, state, and federal building codes and documented in our report. The finding will guide the team in addressing overall safety and code needs through the development of conceptual design.

Site Analysis

The KBA team will thoroughly review all documentation and perform multiple on-site investigations of each site. KBA's in-house Landscape Architecture group will perform an assessment of environmental conditions, Planning and Zoning requirements, parking and circulation deficiencies, and athletic and playground facilities.

Finding Report

KBA will prepare a finding report on the conditions at both schools. The findings will allow the key stakeholders from the District, the Building Committee, and the City to provide essential input for prioritizing the needs that will affect conceptual space and future planning.

Task 2 – Conceptual Design

We will prepare conceptual design options for each facility. The conceptual design options will include options for Renovation-to-New and the addition of Pre-K or a stand-alone Pre-K facility at Smith Elementary School and Renovation-to-New at Jefferson Elementary School.

The KBA team will meet the key stakeholders from the District, the Building Committee, and the City to review the conceptual options, make revisions, and ultimately selected a final concept for each facility. The development of a project cost estimate for each facility based upon the selected final concepts is not included in our scope of work.

Task 3 – Final Feasibility Study Report

KBA will compile a final report that encompasses the findings from the existing facility assessment, the conceptual design options, and will identify and prioritize the needs of each facility and clearly define a course of action to be taken. Specifically, the final feasibility study report will provide:

- Recommended needs and requirements (based on enrollment trends and projections) of the school in terms of its existing conditions, size, location, and grade levels.
- A Facility Utilization Plan, including furniture and equipment requirements, evaluating options of alternatives for meeting the identified needs of the school in terms of code compliance, expansion and renovation and repair work.
- A rendering site plan, floor plans and elevations identifying and defining any expansion or renovation options both for the short and long term anticipated needs.
- The identification of the school’s eligibility for state reimbursement.

The following services are not included as a part of this proposal but can be provided shall the District wish. These services may become necessary based upon the conclusions derived from the performance of the proposed scope above. If required, KBA will coordinate such services under our team and these services will be performed for an additional fee.

- Selective Demolition or Intrusive Existing Conditions Assessment
- Educational Specification Writer
- Professional Cost Estimator
- Geotechnical Engineering Analysis
- Site Survey
- Demographic Consultant
- Hazardous Materials Assessment, Sampling, and Reporting

SCHEDULE

KBA has prepared this proposal based on the project schedule provided above and as follows:

- Completion of the Feasibility Study and anticipated grant submission for Smith Elementary School and Pre-K by June 2025. We anticipate a 60-90 day duration to complete the study after receipt of the final education specifications and demographic report.
- Completion of the Feasibility Study and anticipated grant submission for Jefferson Elementary School by June 2027. The Jefferson Elementary School study to commence immediately after completion of the Smith Elementary and Pre-K study.

We understand this is a tentative schedule and it may change as the project proceeds.

FEE

DESIGN ADVISORY SERVICES

KBA proposes a lump sum fee of **Ninety-Seven Thousand Five Hundred Dollars (\$97,500.00)**, to provide the services described above.

KBA will not exceed the authorized budget amounts presented in this proposal without the Districts authorization. If the budget for the scope of services defined herein will be exceeded due to changes in the scope of services, we will notify you to discuss and evaluate the work and related fees.

GENERAL CONSIDERATIONS

- KBA will perform all services in a timely manner, but it is agreed between the parties that KBA cannot be responsible for delays occasioned by factors or parties beyond its control, nor by factors which could not reasonably have been foreseen at the time this proposal was prepared. Delays of this nature shall extend the completion date.
- KBA submittal will depend on the timely receipt of any required information from other project team members and/or the Client.
- During the performance of the services described within this proposal, the Scope of Services, and compensation therefore, may be adjusted by mutually agreed upon amendments to the executed Agreement.
- This proposal is valid for a period of sixty (60) days.

On behalf of KBA, we welcome the opportunity to provide professional services to the Consolidated School District of New Britain for these important projects. Please do not hesitate to contact me if you have any questions.

Background and Purpose/Rationale

CT Air Temp is on the State Bid List for HVAC equipment using contract # 19SPX0002

CSDNB uses a Building Management System (BMS) to control, schedule and monitor HVAC equipment including heating, air conditioning, domestic hot water and lighting at our school campuses. The existing BMS at Diloreto, Jefferson, Lincoln, Northend, Pulaski, Roosevelt, Slade, Vance and NBHS are at end of life and need to be upgraded. This upgrade will also allow us to streamline how we connect to and use the system, essentially building an enterprise BMS system for global control of the district's HVAC equipment. Smith, Smalley, Chamberlain, Gaffney, Holmes (new construction) are already updated.

Board Memorandum

Submitted by Robert Smedley () for approval at the Regular Board Meeting on March 5, 2024.
Senior Leadership Sponsor: Rebecca Gonzalez Staff Presenter: Smedley

Type of Memorandum

Purchase Order

Background and Purpose/Rationale

New Britain High School is a fully air conditioned facility. The existing Air Conditioning system consists of two main chiller units and two chiller towers. The main Carrier chiller has a chiller tower that expunges humidity from the building creating what we know as air conditioning. The chiller tower was installed in 1990 and has been repaired multiple times over the last 30 years. The tower is now showing serious deteriorations including rust to the main water storage tank and failing mechanical parts. Parts and repairs for the tower are starting to exceed reasonable cost of use and a replacement tower would provide significant energy savings and reliable air conditioning. Type of Memorandum

Contract Approval

Background and Purpose/Rationale

Lotterease offers additional services making a true apples to apples comparison of different quotes and proposals difficult. This product price comes in considerably lower than the PowerSchool Registration Lottery option, plus adds additional support by managing the invitation and waitlist process not offered with other products.

The board submission is for the contracting of services for the DiLoreto school lotteries. In searching for and meeting with companies that provide school choice lottery services, Lotterease stood out.

Not only does this company handle regular and weighted lotteries, but also provides services to manage invitations and waitlist placements. Additionally the company is doing so at a very competitive pricing structure.

Using such services will provide savings in in house man hours required to manage a lottery and wait list, making it a good strategy for the district to pursue. Additional information is attached in this board submission.

Any attempted sublicense, assignment, or transfer of any rights, duties, or obligations by Customer in violation of this Agreement will be void.

3. PROPRIETARY RIGHTS

3.1 Intellectual Property Rights.

PowerSchool alone owns all rights, titles, and interests, including all related Intellectual Property Rights, in and to the PowerSchool Product(s) and Services. This Agreement is not a sale and does not convey to Customer any rights of ownership in or related to the PowerSchool Product(s) and Services, or the Intellectual Property Rights owned by PowerSchool. Customer agrees that PowerSchool may publicly refer to Customer (both in writing and orally) as a

client, and may identify Customer as a client, among other places, on its website, in press releases, and in sales materials and presentations. Customer agrees to keep PowerSchool Product(s) confidential and to prevent unauthorized disclosure or use of PowerSchool Product(s) in Customer's possession. For any PowerSchool Product(s) for which PowerSchool makes available passwords or other user identification technology to access such Subscription Service(s), Customer will advise all User(s) of such passwords or other user identifications that such passwords or user identifications must be maintained in confidence and not transmitted or shared. Customer is solely responsible for maintaining the confidentiality of each username and password used and is solely responsible for any and all activities that occur under all Customer accounts. Customer agrees to notify PowerSchool immediately of any unauthorized use of Customer's accounts or any other breach of security. PowerSchool will not be liable for any loss that Customer may incur as a result of someone else using Customer's passwords or accounts, either with or without the Customer's knowledge. PowerSchool agrees to use commercially reasonable efforts to maintain the confidentiality of Customer confidential information that is disclosed to PowerSchool in connection with the performance of Services, and to use such Customer confidential information solely for purposes of performing Services hereunder. De-identified Data and Transaction Data used by PowerSchool for internal research and improvement of PowerSchool Product(s) is not subject to this section's confidentiality obligations. While PowerSchool will not rent or sell information for marketing purposes and will not share or sell Customer data with third parties for marketing purposes, Customer hereby grants PowerSchool permission to use, copy, and/or combine with any De-identified Data. PowerSchool will require its employees, agents, and subcontractors performing work hereunder to enter into a written agreement with PowerSchool that imposes obligations

that are substantially similar to those imposed on PowerSchool hereunder. For purposes of this Section, “Customer Confidential Information” means any Customer Data belonging to Customer, or any other Customer information or data labeled or identified as confidential at the time of disclosure, provided, however, that this definition and the obligations of this Section will not extend to any information that: (a) is or becomes publicly known through no fault or negligence of PowerSchool; (b) is or becomes lawfully available from a third party without restriction; (c) is independently developed by PowerSchool; or (d) is disclosed without restriction by Customer to any third party at any time. 3.4 Public Record Act. Notwithstanding anything herein to the contrary in section 3.3, PowerSchool acknowledges that, to the extent Customer is subject to public record acts or freedom of information acts, PowerSchool will work with Customer to provide appropriate information in response to such requests, to the extent such requested information is not PowerSchool’s proprietary information or otherwise exempted from disclosure.

5. FEES AND TAXES. Customer agrees to pay PowerSchool, in accordance with payment

terms on the PowerSchool Quote and invoice, the fees charged for the PowerSchool Product(s) and related Services and/or other items ordered by Customer, together with any other charges made in accordance with this Agreement, and all applicable sales, use, or other taxes or duties, however designated, except for taxes based on PowerSchool’s net income. Customer agrees to pay for PowerSchool’s pre-approved reasonable travel and lodging expenses for Professional Services performed at Customer’s premises. If Customer claims tax-exempt status, Customer agrees to provide evidence of such tax exemption to PowerSchool. To the extent that such tax exemption cannot be properly claimed or does not extend to certain taxes or transactions, Customer will be responsible for any and all taxes and assessments that arise from this Agreement and related transactions (except for taxes based upon PowerSchool’s net income). Customer will pay a monthly charge of 1.5% (18% annually) on all amounts not paid when due, or, if a lower maximum rate is established by law, then such lower maximum rate. All pricing set forth in any PowerSchool Quote or invoice will be in United States dollars unless otherwise specified.

6. THIRD PARTY SOFTWARE LICENSE TERMS; EMBEDDED APPLICATIONS; OPEN-SOURCE SOFTWARE. Third Party Software is licensed directly to the Customer pursuant to separate license terms between Customer and a third-party supplier. Third-Party Software is not owned or supported by PowerSchool. All support, warranties, and services related to Third-Party Software are provided by the supplier of the Third-Party Software under such third party’s terms and conditions, and not by PowerSchool. For clarity, PowerSchool is the licensor for Embedded Applications to Customer as part of Subscription Services, whereas PowerSchool is not the licensor of Third-Party Software. PowerSchool will have no obligations regarding any Third-Party Software. Further, PowerSchool will not be responsible for providing support: (i) for problems caused by Customer’s use of or access to the PowerSchool Product(s) other than as intended; (ii) for any use in violation of this Agreement; or (iii) for any unauthorized modifications made to the PowerSchool Product(s) by Customer or any third party. In

the event the need for Support Services provided are traced to a Customer's or a third party's actions, unauthorized use, or system changes; fees and expenses for said Support Services may be billed to Customer at PowerSchool's then current rates which Customer will promptly pay. Only Section 5, 6, 9 and 12 of this Agreement apply to Third-Party Software. In addition, PowerSchool Product(s) may contain Embedded Applications. If any additional license terms are identified in [Exhibit E \(Product Specific Terms\)](#), Customer will comply with such conditions with respect to such applications. Certain Embedded Applications may also be subject to "open source" licensing terms. In some cases, the open-source licensing terms may conflict with portions of this Agreement, and to the extent of any such conflict, the open-source licensing terms will govern, but only as to the software components subject to those terms. Notwithstanding the foregoing, Customer acknowledges that if any open-source software component is licensed under terms that permit Customer to modify such component, and if Customer does modify such component, then PowerSchool will not be responsible for any incompatibility due to such modifications.

7. PRICING; ENROLLMENT INCREASES.

Pricing for access to PowerSchool Product(s) is based on the quantity identified in the applicable Quote. If Customer accesses PowerSchool Product(s) with more than the quantity identified in the applicable Quote, then PowerSchool may submit an amended invoice for the amount of such excess usage, and Customer will pay the fees applicable to the variance in accordance with the terms of the applicable invoice. Any such increase in quantity will be maintained through the end of the then-current term. Such additional fees will be computed by multiplying the then-current per individual license and support fees for PowerSchool Product(s) by Customer's additional User count. Customer's subsequent Support Services invoices will be based on the increased Users as well.

8. COMPATIBLE PLATFORMS/HARDWARE.

Where applicable, Customer will be responsible for obtaining and maintaining all telephone, computer hardware, and other equipment needed for access to and use of the

PowerSchool Product(s) and all charges related thereto. Customer is responsible for obtaining and maintaining an appropriate operating environment with the necessary hardware, operating system software and other items required to use and access PowerSchool Product(s). PowerSchool will not be responsible for any incompatibility between PowerSchool Product(s) and any versions of operating systems, hardware, browsers, or other products not specifically approved in writing by PowerSchool for Customer's use with PowerSchool Product(s). PowerSchool will make written requirements available to Customer at Customer's request.

9. LIMITED WARRANTY.

PowerSchool warrants that the media on which Subscription Service(s) is recorded will be free from defects in materials and workmanship under normal use for a period of ninety (90) days from the date of purchase. Customer's exclusive remedy under this Section will be replacement of the defective media. PowerSchool warrants that for Subscription Service(s) during an applicable subscription term (a) this Agreement, the Quote, and the Documentation will accurately describe the applicable administrative, physical, and technical safeguards for protection of the security, confidentiality, and integrity of Customer's data, (b) PowerSchool will not materially decrease the overall security of Subscription Service(s), and (c) PowerSchool will not materially decrease the overall functionality of the Subscription Service(s). For any claimed breach of a warranty above, the Customer and PowerSchool agree to first negotiate a resolution in good faith; and, if necessary, refer the matter to senior representatives of each Party for timely resolution.

10. DISCLAIMER OF OTHER WARRANTIES.

POWERSCHOOL PRODUCT(S) ARE PROVIDED "AS IS" AND WITHOUT WARRANTY OF ANY KIND (EXCEPT AS PROVIDED IN SECTION 9), AND POWERSCHOOL AND ITS LICENSORS EXPRESSLY DISCLAIM ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A

PARTICULAR PURPOSE, POTENTIAL IMPLEMENTATION DELAYS, AND NON-INFRINGEMENT. POWERSCHOOL DOES NOT WARRANT THAT THE FUNCTIONALITY CONTAINED IN THE POWERSCHOOL PRODUCT(S) WILL MEET CUSTOMER'S REQUIREMENTS, OR THAT THE OPERATION OF THE POWERSCHOOL PRODUCT(S) OR HOSTING SERVICES WILL BE UNINTERRUPTED OR ERROR-FREE, OR THAT DEFECTS IN THE POWERSCHOOL PRODUCT(S) WILL BE CORRECTED. FURTHERMORE, POWERSCHOOL DOES NOT WARRANT OR MAKE ANY REPRESENTATIONS REGARDING THE USE OR THE RESULTS OF THE USE OF THE POWERSCHOOL PRODUCT(S) IN TERMS OF CORRECTNESS, ACCURACY, RELIABILITY, SECURITY, OR OTHERWISE. CUSTOMER AGREES THAT THE USE OF POWERSCHOOL PRODUCT(S) IS AT CUSTOMER'S OWN RISK. NO ORAL OR WRITTEN INFORMATION OR ADVICE GIVEN BY POWERSCHOOL OR A POWERSCHOOL REPRESENTATIVE WILL CREATE A WARRANTY OR IN ANY WAY INCREASE THE SCOPE OF ANY WARRANTY. THE ABOVE EXCLUSIONS APPLY TO THE FULLEST EXTENT ALLOWED BY APPLICABLE LAW.

11. TERM AND TERMINATION

11.1 Term. This Agreement commences on the date the Customer first executes this Agreement or a Quote incorporating the same; and continues until the later of five (5) years from the Effective Date; or the end date for any and all PowerSchool Product(s) or Services governed by this Agreement.

11.2 Subscription Term. The subscription term of each license for Subscription Service(s) will be as specified in the applicable Quote, which specifies a start and end date. Except as otherwise specified in a Quote, renewal of promotional or one-time priced subscriptions or licenses will be at PowerSchool's discretion.

11.3 Suspension. PowerSchool will have the right to suspend performance of certain obligations under this Agreement in the event where Customer is notified that an objective security threat arises so great as to warrant immediate action by

PowerSchool to protect the security of Customer data and the PowerSchool systems.

11.4 Termination for Breach. Either party will have the right to terminate this Agreement in whole or in part upon thirty (30) days written notice to the other party, in the event the other party materially breaches this Agreement and fails to correct such breach within such thirty (30) day period; provided that PowerSchool will have the right to terminate this Agreement immediately upon written notice in the event that Customer breaches any of its obligations under Section 2 (PowerSchool Product Subscription) or **Section 3** (Proprietary Rights). Customer further acknowledges that, as breach of the provisions of **Section 3** could result in irreparable injury to PowerSchool, PowerSchool will have the right to seek equitable relief against any actual or threatened breach thereof, without proving actual damages.

11.5 No Termination for Convenience. Customer is not entitled to terminate this Agreement for any reason other than for the specific reasons set out in this Agreement or as expressly mandated by law. No termination for convenience will be permitted.

11.6 Termination for Non-Appropriation. The Parties acknowledge and agree that if Customer is a governmental entity that is bound to statutory provisions that prevent it from committing to the payment of funds beyond its fiscal year, and if funds are not allocated for the PowerSchool Product(s) and Services captured in an applicable Quote that are the subject of this Agreement following the commencement of any succeeding fiscal year during which the Quote may continue, then Customer may terminate the applicable Quote without liability for any termination charges, fees, or penalties at the end of its last fiscal period for which funds were appropriated. Customer will be obligated to pay all charges incurred through the end of the last fiscal period for which funds were appropriated. Customer will give PowerSchool written notice that funds have not been appropriated (a) immediately after Customer receives notice of such non-appropriation; and (b) at

least thirty (30) days prior to the effective date of such termination. Customer will not utilize this clause as a right to terminate any Quote nor this Agreement for convenience. PowerSchool reserves the right to seek documentation evidencing such non- appropriation of funds.

11.7 Effects of Termination. In the event of any termination of all or any portion of this Agreement, Customer will not be relieved of any obligation to pay any sums of money that have accrued prior to the date of termination. In addition, the provisions of Sections 3, 5, 6, 9, 11, 12, 13 and 14 will survive termination of this Agreement. Immediately upon any termination of Subscription Service(s) under this Agreement, Customer will, at its own expense, either return to PowerSchool or destroy all copies of such PowerSchool Product(s), and Customer's authorized representative will forward written certification to PowerSchool that all such copies of such PowerSchool Product(s) have either been destroyed or returned to PowerSchool. In the event that Customer enters into a multi-year Quote with PowerSchool and Customer terminates the contract or any portion thereof, Customer agrees to pay PowerSchool the remaining sum due to PowerSchool through the stated term in the applicable Quote, as actual damages being impossible to calculate. This clause will not apply in the event Customer terminates this Agreement as (a) a result of PowerSchool's breach in accordance with Subsection 11.4 herein, or (b) as a result of non-appropriation of funds in accordance with Subsection 11.6 herein.

12. LIMITATION OF LIABILITY. POWERSCHOOL WILL NOT BE LIABLE TO CUSTOMER FOR ANY SPECIAL, EXEMPLARY, INDIRECT, INCIDENTAL OR CONSEQUENTIAL DAMAGES; OR LOST PROFITS, LOST FUNDING, LOST SAVINGS, OR LOST OR DAMAGED DATA; OR FOR CLAIMS OF A THIRD PARTY; ARISING OUT OF THIS AGREEMENT, SUBSCRIPTION SERVICE(S), SUPPORT, SERVICES, OR OTHER ITEMS PROVIDED, OR THE USE OR INABILITY TO USE ANY OF THE FOREGOING, EVEN IF POWERSCHOOL HAS BEEN ADVISED OF THE POSSIBILITY

OF SUCH DAMAGES OR THEY ARE FORESEEABLE. IN ANY EVENT, IN RESPECT OF ANY CLAIM, DEMAND, OR ACTION ARISING OUT OF THIS AGREEMENT, CUSTOMER WILL BE LIMITED TO RECEIVING ACTUAL AND DIRECT DAMAGES IN A MAXIMUM AGGREGATE AMOUNT EQUAL TO THE CHARGES PAID BY CUSTOMER TO POWERSCHOOL HEREUNDER FOR THE APPLICABLE POWERSCHOOL PRODUCT(S) ON WHICH THE CLAIM IS BASED IN THE PREVIOUS TWELVE (12) MONTHS. IN ADDITION, IN NO EVENT WILL THE LIABILITY OF POWERSCHOOL RELATING TO POWERSCHOOL PRODUCT(S) EXCEED THE TOTAL AMOUNT OF MONEY PAID BY CUSTOMER TO POWERSCHOOL DURING THE IMMEDIATELY PRECEDING TWELVE (12) MONTH PERIOD WITH RESPECT TO THE PARTICULAR SUBSCRIPTION SERVICE(S), SUPPORT SERVICES OR HOSTING SERVICES, OR PROFESSIONAL SERVICES ON WHICH THE CLAIM IS BASED.

13. INDEMNIFICATION.

13.1. Indemnification by PowerSchool.

Subject to Section 12 (LIMITATION OF LIABILITY), PowerSchool hereby agrees to defend, indemnify, and hold harmless the Customer from and against any and all losses, liabilities, costs, expenses and damages arising out of or relating to any claim by a third party alleging infringement of any Intellectual Property Rights as to the PowerSchool Product(s), provided that PowerSchool will have received from Customer (i) prompt written notice of such claim; (ii) the exclusive right to control and direct the investigation, defense, and settlement of such claim; and (iii) all reasonable and necessary cooperation of Customer.

If Customer's use of the PowerSchool Product(s) is enjoined, PowerSchool may (i) substitute for the PowerSchool Product(s), a substantially and functionally similar product(s) and documentation; (ii) procure for Customer the right to continue using the PowerSchool Product(s); or if (i) or (ii) are not possible after reasonable commercial efforts from PowerSchool, then PowerSchool may terminate this Agreement and credit a pro-rated return of unused

portion of the paid fee.

The foregoing obligation of PowerSchool does not apply to the extent the claim arises from (i) modifications to the PowerSchool Product(s) by anyone other than PowerSchool; (ii) combinations of the PowerSchool Product(s) with products or processes not provided or authorized by PowerSchool; or (iii) any unauthorized use, access, or distribution of the PowerSchool Product(s).

13.2. Indemnification by Customer. To the extent permitted under applicable law, Customer agrees to indemnify and hold PowerSchool harmless against and from any claim, demand, expenses, or losses, including reasonable legal fees (including but not limited to attorney’s fees, costs and expenses), made by any third party against PowerSchool due to or arising out of: (a) Customer’s access, use of and/or connection to the PowerSchool Product(s); (b) Customer’s sharing of any content obtained through access or use of the PowerSchool Product(s) to any third party; (c) Customer’s violation of Section 2 (PowerSchool Products Subscription), or Section 3 (Proprietary Rights); (d) information Customer sent, submitted, electronically received, accessed, printed, downloaded, or transmitted through the PowerSchool Product(s); or (e) Customer’s gross negligence or willful misconduct.

Any other country that is not Canada or the United States	San Francisco	California

14.2 Compliance Verification. During the term of the Agreement and for a period of one (1) year following its termination, PowerSchool has the right to verify Customer’s full compliance with the terms and requirements of the Agreement. Customer must (a) provide any assistance reasonably requested by PowerSchool or its designee in conducting any such audit, (b) make requested personnel, records, and information available to PowerSchool or its designee, and (c) in all cases, provide such assistance, personnel, records, systems access and information in an expeditious manner to facilitate the timely completion of such compliance verification. If such verification process reveals any noncompliance, Customer must promptly cure any such noncompliance; provided, however, that the obligations under this section do not constitute a waiver of PowerSchool’s termination rights and do not affect PowerSchool’s right to payment for access to PowerSchool Product(s) and Services and interest fees related to usage in excess of the quantities purchased.

14.3 Amendment. This Agreement may only be amended or modified by a writing specifically referencing the particular section(s) of this Agreement to be modified and signed by authorized representatives of the Parties.

Neither PowerSchool nor the Customer will be deemed in breach of this Agreement for failure in performance resulting from acts beyond its reasonable control, including but not limited to, breach by subcontractors or suppliers, failure of Customer to provide PowerSchool promptly and accurate

information and materials, as applicable, acts of God or of a public enemy, acts of terrorism, United States or foreign governmental acts or restrictions in either a sovereign or contractual capacity, labor strikes, fire, power outages, road icing or inclement conditions, flood, epidemic or pandemic as designated by the World Health Organization, earthquakes, tsunamis, drought, disease, quarantine, or other extraordinary circumstances beyond either Party's control.

14.5 Severability. If any provision of this Agreement is held to be illegal, invalid, or unenforceable, that provision must be severed or reformed to be enforceable, and the remaining provisions hereof and thereof will remain in full force. No delay or omission by either Party in the exercise or enforcement of any of its powers or rights hereunder will constitute a waiver of such power or right. A waiver by PowerSchool of any provision of this Agreement must be in writing and signed PowerSchool and will not imply subsequent waiver of that or any other provision.

14.6 Payments. Customer agrees that its payment and other obligations under this Agreement are absolute and unconditional and not subject to any abatement, reduction, setoff, defense, counterclaim, or recoupment due or alleged to be due as a result of any past or future claim that Customer may have against PowerSchool. Specific payment terms may be captured on the PowerSchool Quote. Customer agrees that it will use its best efforts to cooperate with PowerSchool and will execute and deliver any and all documents in addition to those expressly provided for herein that may be necessary or appropriate to afford PowerSchool the opportunity to adequately provide the PowerSchool Product(s) and Services. Payment terms are defined in the applicable Quote.

14.7 Time to Bring Action. To the extent allowed under applicable law, Customer may bring no action arising out of this Agreement, regardless of form, more than one (1) year after the cause of action has arisen.

This Agreement will inure to the benefit of and be binding upon the Parties, their respective successors, executors, administrators, heirs and permitted assignees.

14.11 Background Checks. Given the nature of the data we process, PowerSchool conducts thorough nationwide and province-wide background checks, including criminal records, terrorist watch list, sex offender database and a multi-panel drug test on all employees. PowerSchool also requires its contractors, under its separate agreement, to conduct a

SUPPORT POLICY

1. Definitions. Capitalized terms not defined herein have the meanings assigned to them in the Agreement between Customer and PowerSchool to which these Support and Services Policies (“Policies”) are attached. In addition, for purposes of these Policies, the following definitions will apply:

1.1 “Errors” means a reproducible failure of Subscription Service(s) to operate in accordance with its standard Documentation, despite the proper installation and use of the Subscription Service(s) in a proper operating environment and on hardware and system software sufficient to meet PowerSchool’s then-current minimum requirements, which are subject to change as New Versions are released. User(s) mistakes are not Errors within the meaning of these Policies. Errors may be due to problems in Subscription Service(s), the Documentation, or both.

1.2 “Fix” means a patch, service pack or corrective update of Subscription Service(s) that PowerSchool may prepare in its discretion on an interim basis, prior to issuance of a New Version, to correct programming Errors that prevent or obstruct normal operation of Subscription Service(s) in accordance with the applicable Documentation and developed by PowerSchool.

1.3 “New Products” means new products, programs or modules offered by PowerSchool and are distinguished from New Versions and Fixes. New Versions and Fixes may include New Products that provide features, functions or applications not included in the Subscription Service(s) originally licensed by Customer and for which additional license fees apply as determined by PowerSchool to access. A New Product may be usable with or in addition to the Subscription Service(s) originally licensed by Customer. New Products will be licensed to Customer in accordance with the applicable Quote under the terms of this Agreement,

1.4 “New Version” means an updated version of Subscription Service(s) issued by PowerSchool, which may include Fixes, together with such other modifications, updates, enhancements, and improvements to Subscription Service(s) that PowerSchool may, in its discretion, develop and deem ready for distribution and that PowerSchool standardly provides to all customers with a current support subscription to such Subscription Service(s).

1.5 “Support Services” means those support services described in Section 3.1 below that will be provided hereunder with respect to Subscription Service(s).

1.6 “Telephone and E-mail Support” means telephone and e-mail support services, available Monday through Friday, during PowerSchool’s normal business hours, exclusive of PowerSchool’s holidays, regarding Subscription Service(s).

2. Support Term; Fees. Support is provided as a part your purchased Subscription Service(s) listed on the Quote. Support with your Subscription Service(s) will continue with the duration of your purchase of a Subscription Service(s). For Support Services of an on-premise subscription Support will begin upon shipment (FOB PowerSchool’s place of shipment) of Subscription Service(s) (or, in the case of a when made available for download electronically, upon PowerSchool’s provision of the necessary licensing information to enable Customer to download Subscription Service(s) or launch date when access to the Subscription Service(s) is provided.

3. Support Services Scope. PowerSchool, or an entity under contract with and authorized by PowerSchool to provide Support Services, will provide Support Services for Subscription Service(s). The scope of Support Services will be as follows:

3.1 Support. Support Services include: (a) Telephone and E-mail Support; (b) access to an online support website, as maintained by PowerSchool for customers maintaining a current support subscription; (c) Fixes, as developed and made generally available by PowerSchool in its discretion to address Errors that Customer is experiencing in using the Subscription Service(s); and (d) New Versions, as developed and made generally available by PowerSchool. Support Services do not include New Products. PowerSchool determines, in its sole discretion, what constitutes a New Product (for which additional license fees apply), and what improvements and enhancements to existing functionality of a Subscription Service(s) are to be included in a New Version (and are therefore provided at no charge to customers with a current

support subscription).

32 Custom Programs. For any custom programs developed for Customer by PowerSchool, Support Services are available only on a time and materials basis at PowerSchool's current rates and charges for these services; support for custom programs is not included in Support Services. In addition, to the extent that the Subscription Service(s) includes any functionality that allows the user to customize screens or reports, PowerSchool will support the application infrastructure utilized to create such customizations but will not be responsible for supporting any such customizations.

EXHIBIT B

PROFESSIONAL SERVICES POLICY

This Exhibit B sets forth the additional policy and party expectations supporting PowerSchool's provision of Professional Services to the Customer in connection with the solution provided pursuant to this Agreement.

1. Performance of Professional Services.

1.1. Statements of Work. For many professional services projects, PowerSchool will capture the project details in a signed statement of work (each a Statement of Work" or "SOW") setting forth the agreed upon scope of the professional service, estimated or actual pricing and any special payment terms and, if applicable, project schedule, and estimated delivery dates. Both Parties will execute each Statement of Work and each is incorporated into this Agreement. For professional services projects not requiring the completion of a SOW, alignment between the Parties on such services are captured in a request form, change order or in the signed Quote. If there is a conflict between the terms set forth in this Agreement and a Statement of Work, the terms set forth in the applicable Statement of Work will control.

1.2 Delivery and Cooperation. Customer acknowledges that Customer's cooperation is essential to the timely performance of PowerSchool's services. Customer will, to the extent required in connection with the performance of PowerSchool's services: (i) provide PowerSchool with any necessary Customer materials; (ii) provide PowerSchool with any required access to Customer's personnel, facilities, or data; (iii) cause the appropriate personnel to cooperate with PowerSchool as required for PowerSchool to provide PowerSchool's Professional Services, including responding promptly to questions or issues; and (iv) make all payments when due. Customer's delay or failure to do so may delay the estimated delivery schedules set forth in the Statement of Work or otherwise communicated to the Customer. If Customer fails to do any of the foregoing, both Parties will cooperate in good faith to develop a revised written delivery schedule and written Statement of Work or change order signed by both Parties with new pricing. Unless otherwise expressly agreed in a Statement of Work, all Professional Services will be deemed accepted upon delivery. Customer will have fifteen (15) days from delivery to contest acceptance. Any contestation must be in writing and must conform with this Agreement's Notice provision.

2. Fees and Expenses. In addition to providing Support Services during the Support Term, PowerSchool will perform such other Professional Services (training, installation, consulting, project management, etc.) as may be specified in a Quote, written acknowledgment of Customer's order, or as may be subsequently agreed upon by the Parties in a SOW; provided that PowerSchool may, at its option, arrange for any such services to be performed by another entity on behalf of PowerSchool. Customer agrees to pay for such services at the rates and charges specified in PowerSchool's written acknowledgment of Customer's order, or, for work subsequently requested, at the rates agreed upon by Customer and PowerSchool for such subsequent work. PowerSchool reserves the right to require a purchase order or equivalent documentation from Customer prior to performing any such Services, or to require prepayment of certain Services. Unless otherwise specified, all rates quoted are for services to be performed during PowerSchool's normal business hours; additional charges may apply for evenings, weekends or holidays. Unless otherwise agreed, the Customer will also pay PowerSchool for travel expenses (lodging, meals, transportation, and other related expenses) incurred in the performance of services. All such additional charges will be due and payable concurrently with payment for services. PowerSchool reserves the right to impose a minimum labor charge for each on-site visit. The rates and charges specified in PowerSchool's acknowledgment of Customer's order will apply to those services originally ordered; however, PowerSchool reserves the right to change service rates or other terms as a condition of entering into any subsequent service engagement. If Customer pays in advance for any services, all services must be scheduled and delivered within twelve (12) months of such payment, unless otherwise agreed in writing by PowerSchool; any portion of any prepaid services amount that has not been used by Customer toward services rendered within such twelve (12) month period will be forfeited.

3. Training. PowerSchool reserves the right to limit the number of persons permitted to attend any training class based upon PowerSchool's current understanding of the project scope and past experience in executing these types of engagements.

4. Changes to Project Scope. Customer may request changes to the scope of a Statement of Work. Any changes to the scope of a Statement of Work will result in a change order to such Statement of Work or a new Statement of Work. Any scope changes will be made pursuant to the terms set forth in a Statement of Work, to be mutually agreed upon by the Parties.

5. Services Cancellation. Customer will pay a cancellation charge equal to fifty percent (50%) of the services fee and any non-refundable expenses incurred by PowerSchool if Customer cancels any scheduled professional services less than fourteen (14) days before the occurrence of any service dates that PowerSchool has scheduled at Customer's request.

6. Ownership of Materials. PowerSchool is the owner of all copyrights, patent rights and other intellectual property rights in any software code, documentation, reports, or other deliverables (collectively, "Deliverables") created for or provided to Customer pursuant to any Professional Services, unless otherwise agreed to in writing. Provided that all PowerSchool fees and expenses associated with the development and provision of such Deliverables are paid timely, Customer will have a paid-up, royalty-free license to use such Deliverables for Customer's internal use only, solely for the purpose for which such Deliverables were provided. Nothing in this Agreement will prevent PowerSchool from providing any Deliverables to PowerSchool's other customers or third parties. Notwithstanding the foregoing, PowerSchool acknowledges and agrees that any confidential information of a Customer incorporated into any Deliverable remains subject to the provisions of such Section.

7. Data Loads. For most Subscription Service(s), successful implementation requires proper data loads in specific formats and layouts. PowerSchool will inform the Customer of the specific instructions such as data file layouts to support the data load for the implementation of a Subscription Service. If the Customer is unable to provide the data as required, PowerSchool may offer services to complete the data load at an additional charge. If such services are purchased, Customer agrees to follow PowerSchool's specific instructions and use best efforts to support the data load activity as outlined by PowerSchool any such data load or migration. PowerSchool will not directly access non-PowerSchool applications to assist the Customer in any data migration activity. Successful implementation is the shared obligation of both Parties.

EXHIBIT C

HOSTING SERVICES POLICY

1. Term; Fees. Hosting Services on-premises are available at an additional cost. For Hosting Services purchased concurrently with Customer's access to Subscription Service(s), Customer's initial Hosting Term will begin as of the start date listed on the signed Quote and terminate one (1) year thereafter, ("Hosting Term") unless a different Hosting Term is specified in the Quote, or unless terminated earlier in accordance with the terms of these Policies or the Agreement. Either Party may terminate the provision of Hosting Services as of the end of the then-current Hosting Term by providing written notice to the other party prior to the end of the then-current Term that such party does not wish to renew the Hosting Term. PowerSchool will provide Customer with at least sixty (60) days' notice if PowerSchool determines that it will no longer offer Hosting Services to Customer (but in any event will continue providing Hosting Services for the balance of the current term for which Customer has prepaid for such Hosting Services). If notice of non-renewal is not given by either party, then PowerSchool will invoice Customer for the applicable renewal fees for a subsequent Hosting Term. If Customer's Hosting Term is terminated due to non-payment, and then PowerSchool subsequently reinstates Customer's access to Hosting Services, such reinstated access will remain subject to the terms of these Policies and payment of applicable reinstatement fees. For the initial Hosting Term, Customer must pay the charges specified in PowerSchool's initial invoice. For renewal Terms, Customer must pay PowerSchool's then-current annual Hosting Services fees. PowerSchool may supply new or modified Support and Services Policies or other terms and conditions to Customer related to the provision of Hosting Services in a renewal term, in which event such new or modified Support and Services Policies or other terms and conditions will govern PowerSchool's provision of Hosting Services in such renewal term.

2. Availability. Customer acknowledges that the Subscription Service(s) may be inaccessible or inoperable from time to time due to planned maintenance or to causes that are beyond the control of PowerSchool or are not reasonably foreseeable by PowerSchool, including, but not limited to: a force majeure event as defined in the Agreement, the interruption or failure of telecommunication or digital transmission links; hostile network attacks; network congestion; or other failures (collectively "Downtime"). PowerSchool will use commercially reasonable efforts to minimize any disruption, inaccessibility and/or inoperability of the Subscription Service(s) caused by Downtime, whether scheduled or not. The foregoing does not apply to non-production systems, such as test, training, and archival systems, which are available on an hourly basis.

3. Acceptable Use Policy. Customer acknowledges that PowerSchool does not monitor or police the content of communications or Customer data or its users' activities transmitted through the Subscription Service(s), and that PowerSchool will not be responsible for the content of any such communications or transmissions. Customer must use the Subscription Service(s) exclusively for authorized and legal purposes, consistent with all applicable laws and regulations and PowerSchool's policies. Customer agrees not to post or upload any content or data which: (a) is libelous, defamatory, obscene, pornographic, abusive, harassing or threatening; (b) violates the rights of others, such as data which infringes on any intellectual property rights or violates any right of privacy or publicity; or (c) otherwise violates any applicable law. PowerSchool may remove any violating content posted or transmitted through the Hosting Services, without notice to Customer. PowerSchool may suspend or terminate any User(s) access to the Hosting Services upon notice in the event that PowerSchool reasonably determines that such User(s) has violated the terms and conditions of this Agreement.

4. Security. In addition to complying with "Exhibit D: Security and Privacy", Customer will not: (a) breach or attempt to breach the security of the Hosting Services or any network, servers, data, computers or other hardware relating to or used in connection with the Hosting Services, or any third party that is hosting or interfacing with any part of the Hosting Services; or (b) use or distribute through the Hosting Services any software, files or other tools or devices designed to interfere with or compromise the privacy, security or use of the Hosting Services or the operations or assets of any other customer of PowerSchool or any third party. Customer will comply with the user authentication requirements for use of the Hosting Services. Customer is solely responsible for monitoring its authorized User(s) access to and use of the

Hosting Services. PowerSchool has no obligation to verify the identity of any person who gains access to the Hosting Services by means of an access ID. Any failure by any authorized User(s) to comply with the Agreement is a material breach by Customer, and PowerSchool will not be liable for any damages incurred by Customer or any third party resulting from such breach. Customer must immediately take all necessary steps, including providing notice to PowerSchool, to effect the termination of an access ID for any authorized User(s) if there is any compromise in the security of that access ID or if unauthorized use is suspected or has occurred. POWERSCHOOL WILL NOT BE RESPONSIBLE FOR ANY COSTS OR EXPENSES RELATED TO A SECURITY INCIDENT THAT IS CAUSED BY THE ACTS OR OMISSIONS, MISCONDUCT, NEGLIGENCE, OR FRAUD BY OR OF CUSTOMER OR ANY USER(S), EMPLOYEES, AGENTS, OR CONTRACTORS.

5. Data. Customer has sole responsibility for the legality, reliability, integrity, accuracy, and quality of the data it processes through and submit to the Hosting Services.

- 1.2. Customer Data.** PowerSchool will maintain all Customer Data in strict confidence and will not disclose any such Customer Data, or copies thereof, to any person or entity other than Customer’s legal counsel or Customer’s designated contact, or pursuant to the Agreement. The data shared pursuant to this Agreement, including persistent unique identifiers, will be used for no purpose other than the performance of the Services, improvement of PowerSchool Product(s), or internal research. Customer Data will not include De-identified Data and Transaction Data.
- 1.3. Ownership.** PowerSchool acknowledges that Customer and User(s) retain full right and ownership to and control of all of their data, which includes User-provided or User-generated content (such content not encompassing any modifications to PowerSchool’s Pre-existing Intellectual Property), unless such rights are specifically granted to PowerSchool in a writing signed by Customer and the User(s) or, if the User(s) is a minor child, by the child’s parent/guardian. PowerSchool agrees not to edit or use any information or content, including any Customer Data, generated or obtained from Customer or User(s), whether submitted on PowerSchool’s Site or otherwise obtained, unless: (1) integral to and clearly contemplated by the particular nature of the Services or otherwise permitted pursuant to this Agreement, or (2) written consent is first procured from and through the Customer.
- 1.4. Compliance.** The Parties acknowledge that Customer Data may include personal information from education records that are subject to applicable privacy and data security laws of the applicable jurisdiction. Where required, Customer acknowledges it has obtained all appropriate consents from the parents or pupils related to the Customer Data sufficient to grant PowerSchool the permission to conduct data processing services on such Customer Data on behalf of the Customer. Where requested, PowerSchool will execute and append the applicable standard contractual clauses to support data transfer from data controllers to PowerSchool as a data processor.
- 1.4.1. Canada.** For engagements with Customers and Users located in Canada and any of its provinces, the Parties acknowledge such Customer Data will be subject to public sector or private sector data protection laws, as applicable, including the Personal Information Protection and Electronic Documents Act, and any substantially similar provincial law. - 1.4.2. United States.** For engagements with Customers and Users located in the United States any specific states territory, the Parties acknowledge that (i) Customer Data may include

personally identifiable information from education records that are subject to the Family Educational Rights and Privacy Act, as amended (“FERPA Records”); and (ii) to the extent that Customer Data includes FERPA Records, PowerSchool will be considered a “School Official” (as that term is used in FERPA and its implementing regulations) and will comply with the requirements and obligations of School Officials under FERPA. Each Party represents and warrants to the other Party that it will comply with all provisions of FERPA applicable to such party’s performance hereunder. Further, the Parties also acknowledge that applicable Customer Data may include personally identifiable information from children under the age of 13, subject to the Children’s Online Privacy Protection Act and related regulations (“COPPA”). Where applicable, Customer acknowledges that it will act as agent for the parents of students under the age of 13 for purposes of COPPA. Customer represents to PowerSchool that through the duration of this Agreement, the Customer is duly authorized to provide the data to PowerSchool for processing based on having obtained parental consent where necessary. Customer further acknowledges that it has read, fully understands, and agrees to abide by PowerSchool’s Privacy Policy, available at www.powerschool.com/privacy and as may be revised from time-to-time, incorporated by reference herein.

1.4.3. European Union. For engagements with Customers and User(s) located in the member countries of the European Union and the European Economic Area, the Parties acknowledge applicable Customer Data will be subject to the General Data Protection Regulation (GDPR), as amended with enforcement from the European Data Protection Board through EU and EEA national data protection authorities, and the European Data Protection Supervisor (EDPS).

1.4.4. United Kingdom. For engagements with Customers and User(s) located in the United Kingdom after December 31, 2020, the Parties acknowledge applicable Customer Data will be subject to the United Kingdom General Data Protection Regulation, and Data Protection Act of 2018, as amended, along with will regulations such as the Pupils’ Educational Records Regulation 2003 (Scotland); the Public Information Regulations 2011 (Wales); and the Education Regulations (Northern Ireland) of 2009, as amended, and as enforced by the Information Commissioner.

1.4.5. Switzerland. For engagements with Customers and its User(s) located in Switzerland, the Parties acknowledge applicable Customer Data will be subject to the Swiss Federal Data Protection Act, to be replaced with the Swiss Data Protection Act 2020 (DPA).

1.5. PowerSchool will safeguard and keep confidential personal or sensitive information obtained from the User(s), including, but not limited to, personally identifying information such as the name, email address or screen name of the User(s).

1.6. PowerSchool may access and use Customer Data on a need-to-know basis and only as expressly authorized by Customer for the sole and express purpose of fulfilling its obligations under this Agreement and any applicable Quote or Statement of Work. Any such access or use of Customer Data by PowerSchool shall be to the minimum extent necessary and only for PowerSchool to fulfill its obligations under this Agreement and any applicable Quote or Statement of Work. PowerSchool shall reasonably cooperate and assist Customer in connection with access requests, inquiries and complaints regarding Customer Data from the individual to whom the data relates or data protection authorities.

1.7. The terms herein will not be construed as prohibiting either Party hereto from disclosing information to the extent required by law, regulation, or court order, provided such party notifies the other party promptly after becoming aware of such obligations and permits the other party to seek a protective order or otherwise to challenge or limit such required disclosure.

1.8. PowerSchool will not disclose (and will not instruct any of its employees or subprocessors to disclose) in any manner whatsoever any Customer Data to any third party unless: (i) such disclosure is required in order for PowerSchool to perform its obligations pursuant to this Agreement and any applicable Quote or Statement of Work; (ii) such disclosure is permitted under applicable privacy laws; and (iii) the third party agrees, in writing, to protect the confidentiality and security of Customer Data. If PowerSchool becomes legally compelled to disclose any of Customer Data, PowerSchool will to the extent permitted by law provide Customer with prompt written notice thereof prior to disclosure.

2. Return and Disposition of Data.

- 2.1.** Upon written request and in accordance with the applicable terms in **Sections 2.2 or 2.3**, below, PowerSchool will dispose or delete all Customer Data within a commercially reasonable time-period when it is no longer needed for the purpose for which it was obtained. Customer must inform PowerSchool when Customer Data is no longer needed. Disposition will include (1) the shredding of any hard copies of any Customer Data; (2) erasing; or (3) otherwise modifying the personal information in those records to make the information unreadable or indecipherable by human or digital means. Nothing in this Agreement authorizes PowerSchool to maintain Customer Data beyond the time period reasonably needed to complete the disposition. Upon request by Customer, PowerSchool will provide written notification to Customer when all Customer Data have been disposed. Upon receipt of a request from Customer, PowerSchool will provide Customer return of Customer Data, within ten (10) calendar days of receipt of said request, as commercially reasonable. Customer acknowledges there may be a reasonable service fee attached to such data return service where more than two (2) such service request is submitted by the Customer during the term. PowerSchool will promptly provide a copy of the Customer Data in PowerSchool's possession at termination or expiration of the Agreement and will certify in writing delivery to Customer.
- 2.2.** Partial Disposal During Term of this Agreement. Throughout the Term of this Agreement, Customer may request partial disposal of Customer Data that is no longer needed. Partial disposal of Customer Data will be subject to Customer's request to transfer such data to a separate account. To the extent Customer is unable to transfer such data by their own accord, PowerSchool agrees to assist Customer to transfer any Customer Data in question, so long as it is commercially reasonable to do so. To the extent transfer or partial disposal of Customer Data is not commercially reasonable, PowerSchool will inform the Customer of the actual costs to undertake such a transfer, and Customer may reasonably agree to pay the cost of such transfer. All transfers must comply with applicable law. PowerSchool is not liable or in breach of this Agreement when it denies a transfer it reasonably believes is not in compliance with the law. Any transfer made on Customer's written request that such transfer is compliant with the law requires Customer to fully indemnify, defend, and hold harmless PowerSchool from complying with Customer's instructions.
- 2.3.** Complete Disposal Upon Termination of this Agreement. Upon termination of this Agreement, PowerSchool will dispose of or delete all Customer Data within a commercially reasonable time period following termination; provided, however, in no event will PowerSchool dispose of Customer Confidential information pursuant to this provision unless and until PowerSchool has received affirmative written confirmation from Customer that Customer Data needs not be transferred to a separate account.
- 2.4.** Transfer to Succeeding Vendor Upon Termination. Upon termination, or upon a party's receipt of effective notice of termination, of this Agreement, PowerSchool will, if so requested by Customer, securely transfer all Customer Data directly from PowerSchool's Site to the hosting site or platform of another vendor designated by Customer, such transfer to occur on a date on or after the effective date of termination as directed by Customer in a format mutually agreed by PowerSchool. PowerSchool will have no obligation to transfer Customer Data in a form or format specified by succeeding vendor, but PowerSchool will provide Customer Data in a manner that is agreed upon

as industry standard. To the extent transfer or partial disposal of Customer Data is not commercially reasonable, PowerSchool will inform the Customer of the actual costs to undertake such a transfer, and Customer may reasonably agree to pay the cost of such transfer.

3. **Data Security.** PowerSchool agrees to abide by and maintain adequate data security measures, consistent with industry standards and technology best practices for digital storage of sensitive personal data, to protect Customer Data from unauthorized disclosure or acquisition by an unauthorized person. The general security obligations of PowerSchool are set forth below. These security measures will include, but are not limited to:
 - 3.1. **Passwords and Employee Access.** PowerSchool will secure usernames, passwords, and any other means of gaining access to the Services or to Customer Data, at a level meeting or exceeding the applicable standards. PowerSchool will only provide access to Customer Data to employees or contractors who require access pursuant to the Agreement, and only on terms consistent or exceeding the data security measures required by this Agreement between the Parties.
 - 3.2. **Security Protocols.** The Parties agree to maintain security protocols that meet industry standards in the transfer or transmission of any data, including ensuring that data may only be viewed or accessed by parties legally allowed to do so. PowerSchool will maintain all data obtained or generated pursuant to this Agreement in a secure digital environment and will not copy, reproduce, or transmit data obtained pursuant to this Agreement, except as necessary to fulfill the purpose of data requests by Customer.
 - 3.3. **Employee Training.** PowerSchool will provide periodic security training to those of its employees who operate or have access to the system. Further, PowerSchool will provide Customer with contact information of an employee whom Customer may contact if there are any security concerns or questions.
 - 3.4. **Security Technology.** PowerSchool will employ industry standard measures to protect data from unauthorized access. The service security measures will include server authentication and data encryption. PowerSchool will host data pursuant to this Agreement in an environment using a firewall that is updated according to industry standards.
 - 3.5. **Security Coordinator.** PowerSchool will provide the name and contact information of PowerSchool's security coordinator for the Customer Data received pursuant to this Agreement upon written request.
 - 3.6. **Sub-processors Bound.** PowerSchool will enter into written agreements whereby sub-processors agree to secure and protect Customer Data in a manner consistent with the terms of this **Section 3**. PowerSchool will periodically conduct or review compliance monitoring and assessments of sub-processors to determine their compliance with this **Section 3**. For the purposes of this Agreement, the term "sub-processor" means a party other than Customer or PowerSchool, whom PowerSchool uses for data collection, analytics, storage, or other service to operate and/or improve its software, and who has access to Customer Data.
 - 3.7. **Periodic Risk Assessment.** PowerSchool further acknowledges and agrees to conduct digital and physical periodic risk assessments at least annually and remediate any identified security and privacy vulnerabilities in a timely manner.
 - 3.8. PowerSchool will follow its established access security policies to support the physical security of the Customer Data against such risks as unauthorized access, collection, use, disclosure or disposal, loss or modification. Such security arrangements will include, without limitation, reasonable technical, physical, and administrative safeguards.

4. **Data Breach.** In the event Customer Data is accessed or obtained by an unauthorized individual or third party, PowerSchool will provide notification to Customer within a reasonable amount of time of confirmation of the incident, not exceeding seventy-two (72) hours. Unless otherwise specifically agreed to in writing by PowerSchool, PowerSchool does not provide support for any of the hardware or third-party software being purchased by Customer through PowerSchool. Any requests for such support should be directed to the applicable hardware or software manufacturer. Customer further agrees that any claims related to any such hardware, whether for breach of warranty or otherwise, must be made directly against the applicable manufacturer or other vendor, and not against PowerSchool, and that PowerSchool will have no liability whatsoever in connection with such claims.

Board Memorandum

Purchase Order

Background and Purpose/Rationale

Pearson Review 360 is the only supplier of this platform which we have used reliably since 2016. This quote is for a 1-year renewal for the 2024-2025 school year.

In partnership with family and community, the Consolidated School District of New Britain works to provide the best personalized and comprehensive whole-child education so our students will be prepared for, and positively contribute to, a profoundly different future.

To address the social and emotional needs of our students, it is critical to have a platform in which to address and document referrals, and record behavioral interventions such as student support plans and Check-in/Check-out sheets. These factors help improve the social and emotional well being of our students. The Review 360 platform allows teachers and related service professionals to provide consistent intervention measures, resulting in increased academic success in any classroom setting. Review360 promotes better continuity in services. Consistent data capture, progress monitoring, intervention measures, and reporting leads to less time and resources used by the team; more accountability; reduced suspensions and expulsions; and an improved school climate. Review360 also provides general education teachers with intervention strategies, guided implementation support, and highly configurable data-driven, web-based reporting to help support them as they manage classroom behavior. The one year quote at \$25,900 is attached.

Financial Information

The total is \$25,900.00 and the funding source is ESSER - Software/Tech.

These Standard Terms and Conditions are hereby incorporated into any order, quotation, proposal or agreement (hereinafter "Order") for goods and/or services from Red Thread Spaces LLC d/b/a Red Thread (hereinafter "Seller") to the party identified as the customer, buyer or purchaser in the Order (hereinafter, "Buyer"). By accepting or entering into the Order, Buyer agrees to be bound by all of the terms and conditions stated herein.

- Payment Terms.** Except as otherwise expressly stated in the Order, a deposit of 50% of the Order price is required, and payment of the balance is due and payable 10 days after invoice date by check, bank wire or ACH with no resulting intermediary fees to Seller. Goods and/or services will be invoiced as delivered and/or provided to Buyer. Buyer is required to pay all sales, use and other taxes on all goods and services provided, and promptly reimburse Seller for such taxes even if not shown on the Order or invoice. Any Buyer claiming to be exempt from taxes must provide Seller with a valid exemption certificate. Buyer must notify Seller within 10 days after the invoice date setting forth in detail the basis of any disputed item. Notwithstanding the existence of any disputed item, payment for all items not so disputed within said 10-day period shall be due and payable 10 days after the invoice date. Interest at the rate of 1.5% per month will accrue on outstanding monthly balances after the date payment is due until paid, and accrued but unpaid interest will be added to the outstanding balance on a monthly basis. Buyer agrees to pay all costs incurred by Seller in collecting any outstanding balances, including but not limited to reasonable attorney's fees.
- Cancellations and Changes.** All Orders are firm and not subject to cancellation or change without Seller's written agreement. If Seller agrees to cancellation or changes, Buyer shall pay all cancellation, restocking and handling charges.
- Delivery Dates and Schedule Changes.** In the event of Buyer's inability to receive goods as scheduled, Seller will arrange for storage of goods, if required. All costs of double handling, demurrage, extra trucking, storage, risk of loss and insurance incurred by Seller as a result of such changes or delays will be borne by Buyer. In the event that goods must be stored beyond 10 days, Seller will invoice Buyer for goods as though the Order was delivered to Buyer and such invoice shall be due and payable 10 days after invoice date. Placement of the goods in storage by Seller is deemed delivery by Seller and receipt by Buyer.
- Conditions of Job Site.** At time of delivery or installation, the job site must be clear and free of all debris and other tradespeople. Electric current, heat, hoisting and/or elevator service, and adequate facilities for off-loading, staging, storing, moving and handling of goods to be delivered and installed must be provided by Buyer without charge to Seller. Failure of the job site to conform to these requirements may result in project delays and additional costs and expenses, which shall be borne by Buyer.
- Delivery and Installation.** Unless otherwise stated in the Order, delivery and installation will occur during Seller's normal work hours using non-union labor, paid at non-prevailing wages. Buyer shall be responsible for payment of all costs incurred as a result of Buyer's request for delivery or installation outside of Seller's normal work hours, including but not limited to overtime and any other additional labor costs. - Work by Others.** Buyer shall be responsible for connection of electrical panels or components to the building power source unless separately stated. Buyer shall be responsible for structural integrity of any walls in which product will be mounted, effects of building vibrations on electrical components and for measurements that can't be verified at time of Order placement.

If goods are drop shipped directly by manufacturer to Buyer without Seller's services required, Buyer is responsible to receive, unload and inspect product for damage and notify Seller of damage within two days of product receipt. Damaged goods and packaging must be retained for inspection by the carrier. Seller shall not be responsible for any losses sustained due to Buyer's failure to notify Seller timely. Seller's invoices shall be paid in full by Buyer when due irrespective of pending freight claims.
- Acceptance of Installed Items.** All goods installed by Seller shall be conclusively deemed to be in accordance with Buyer's specifications and accepted by the Buyer upon completion of installation unless written notice to the contrary is furnished to Seller within 3 business days after completion of installation.
- Warranty.** Seller will, to the extent assignable, assign any product warranties supplied or furnished by the manufacturer to the Buyer. Seller will provide labor at no charge to correct any labor deficiency for 60 days from date of installation. Seller will provide labor at no charge to repair or replace defective products and parts during the first 60 days of the manufacturer's warranty period. After 60 days, Seller shall provide labor at no charge to Buyer to repair or replace defective products and parts only if and to the extent such labor is included in the manufacturer's warranty.

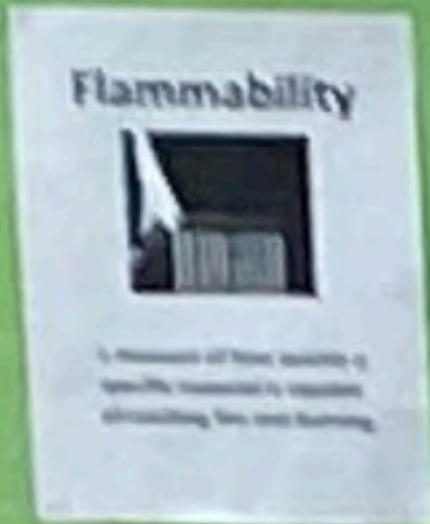

NO OTHER WARRANTIES, EITHER EXPRESS OR IMPLIED, ARE EXTENDED BY SELLER. SELLER HEREBY DISCLAIMS ALL OTHER WARRANTIES EITHER EXPRESS OR IMPLIED, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE OR USE.

- Limitation of Liability.**
 - Delays and Extensions of Time.** No liability shall accrue against Seller from any act or neglect of Buyer, any Order changes requested by Buyer, any delay authorized or caused by Buyer, any strike, lockout, work stoppage or other labor dispute, any fire, accident or other casualty, any unusual delay in deliveries or inability to obtain goods or materials, any act of God, or any other cause beyond Seller's control.

IN NO EVENT SHALL SELLER BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, DIRECT, INDIRECT, SPECIAL, PUNITIVE, OR OTHER DAMAGES WHATSOEVER (INCLUDING WITHOUT LIMITATION, DAMAGES FOR LOSS OF INCOME, LOSS OF BUSINESS PROFITS, BUSINESS INTERRUPTION, LOSS OF BUSINESS INFORMATION, LOSS OF BUSINESS REPUTATION, OR OTHER PECUNIARY LOSS) ARISING OUT OF ANY GOODS OR SERVICES PROVIDED BY SELLER TO BUYER, EVEN IF SELLER HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.**
- Miscellaneous**
 - Governing Law; Severability.** These Standard Terms and Conditions shall be governed by and construed in accordance with the laws of the Commonwealth of Massachusetts, excluding that body of law applicable to choice of law. Any suit by either party shall be brought only in Massachusetts. The parties hereto waive all rights, if any, to a jury trial in any disputes arising from or relating to Order and waive any argument that venue is not appropriate or convenient. If any provision is found to be unenforceable, the remainder of these Standard Terms and Conditions shall continue in full force and effect.
 - Complete Understanding; Modification.** These Standard Terms and Conditions supersede all prior agreements and understandings between the parties with respect to its subject matter. Any amendments to these Terms and Conditions must be in writing and shall not take effect unless signed by an authorized officer of each of the parties.

Purchase Order

Background and Purpose/Rationale

This is a state approved purchase through the low performing bond grant purchase request in 2023 this application was submitted and approved. The vendor is a state approved vendor, the same approved vendor being used at Slade and New Britain High School Media Center. The purchase of student furniture to support student centered engagement. Implementation of a schoolwide focus on student centered engagement remains our focus. The tables and chairs are needed for small group instruction and peer collaboration. Small-group instruction provides opportunities for flexible and differentiated learning. With the smaller number of students, students have more chances to participate. Teachers are able to monitor the students better, thus providing better and more individualized feedback and support. Furniture plays a key role in allowing for multiple student groupings to address collaborative group work, allows teachers to meet with small groups and provide personalized instruction and feedback and storage for materials purchased to support the development and intervention support for student centered instruction supplies. Addition of collaborative furniture and chairs for classrooms will support the small group instructional focus of our student centered model.

Background and Purpose/Rationale

The Questica Budget Suite is an end-to-end budgeting system that assists with the management of the budgeting process with greater efficiency and accuracy. The budget suite fully integrates with eFinancePlus updating on a daily basis.

Questica Budget is designed for non-finance department and non-technical users to prepare and maintain their budgets directly in the system. Budgets can be categorized on an organizational basis where cost centers roll-up into their respective departments and can easily be moved from one department and division to another, as well as from one fund to the next. Additional hierarchical structures can be configured as needed.

Role-based security ensures that users have streamlined access to only the data and functions that they need. Cost center information can be maintained, and comments, notes, and attachments (e.g., scans, documents, or links) may be added to the budget or even to the detailed line items. Budgets can be managed at a monthly, quarterly, annual, or biennial basis. Grids are configurable and may consist of historical years, current year, and future forecast years.

Questica Budget’s Personnel Planning & Budgeting module contains advanced features, enabling accurate modeling and forecasting of all costs associated with positions (filled and vacant) to accommodate the workforce budget. Step or pay increases, cost of living adjustments, new benefits, and other employee-related costs are all accounted for. Each position is a record of all the information required to calculate base wages, as well as overhead costs such as benefits, allowances, and employer taxes; each is attributed to the appropriate GL Account (object code).

Ann Alfano
Chief Financial Officer
Consolidated School District of New Britain

Dear Ms. Alfano,

Questica Ltd is thrilled with the possibility of partnering with the Consolidated School District of New Britain (CSDNB) in its effort to transform the current budget development and management process. We welcome an opportunity to leverage over 25 years of success with similar sized customers across North America to help the CSDNB:

- Transition from labor-intensive, unsupported on premise software to an efficient, comprehensive, cloud based budgeting and forecasting software system
- Enable School District staff to more actively participate in a collaborative budgeting process remotely or in the office
- Better serve the planning team, finance staff, executive leadership and the community by facilitating analytics with up-to-date information presented in actionable reports, dashboards, and queries
- Budget more effectively for personnel, manage multiple scenarios and decision packages in a single system with a consistent, user-friendly user-interface

Questica proposes a Software-as-a-Service (SaaS) subscription of our industry leading multi-user Questica Budget solution and our professional services for implementation, integration, configuration, training, and post-implementation customer support. Questica is unique in providing a fully integrated solution offered with a consistent and well-organized user-interface that is purpose-built for budgeting in the public sector.

Simply put, Questica is THE most trusted budgeting solution provider by governments in North America. Some key considerations that set Questica apart include the following:

- **Full circle, end-to-end budgeting solutions:** Questica provides a single solution with modules and functionality to address your budgeting needs from start to finish. Per your requirements, we've provided a proposal that addresses your Operating and Personnel budgeting needs.
- **More configurable, less customizations:** Questica's 25 plus years in the government budgeting space means we've seen best practices across multiple budgeting approaches at hundreds of State and Local agencies and organizations. Rather than customize the platform for each approach, Questica builds in incremental best practices as configurable options, offering Questica customers the ability to replicate those processes without re-inventing the wheel. Ultimately, this leads to quicker, less costly, and more stable implementations for long-term ROI.
- **You are in control:** Questica Budget is designed for client-side administration, with security, reports, and workflow configurable at the admin user level. We also leverage a single tenant architecture, which means that each customer has a unique and segregated instance of our software, enabling the School District to choose when to apply software updates, based on your convenience and schedule.
- **Singular focus and purpose built for K-12:** Questica Budget is not a generic "one-size-fits-all" solution, nor is it a "Swiss army knife" that proposes to do many things half-well. Instead, Questica Budget is a point solution that excels at enabling a collaborative budgeting process for state and local governments, and public agencies. Since our inception, we have been 100% focused on crafting best-in-class budgeting solutions for the public sector.
- **Right sized for you.** Questica is big enough to support your organization, yet nimble enough to remain agile. We currently have 130+ employees, which means we have the resources needed to support large-scale, complex implementations while remaining flexible to accommodate your unique requirements. We manage all aspects of our customer implementation, from kick-off to post-implementation support, exclusively with Questica employees.

We have an unmatched track record of success in implementing our solutions for government organizations and we stand firm in our '**getting it done right the first time**' mission. We look forward to continued conversations with your finance team and to demonstrating how Questica will provide unquestionable value and return on investment to the CSDNB.

Sincerely,

Justin Kopalasingam

Sample Costing Center Information

Role-based security ensures that users have streamlined access to only the data and functions that they need. Cost center information can be maintained, and comments, notes, and attachments (e.g., scans, documents, or links) may be added to the budget or even to the detailed line items. Budgets can be managed at a monthly, quarterly, annual, or biennial basis. Grids are configurable and may consist of historical years, current year, and future forecast years.

PERSONNEL PLANNING & BUDGETING MODULE

Questica Budget’s Personnel Planning & Budgeting module performs like a calculator with advanced features, enabling accurate modeling and forecasting all costs associated with positions (filled and vacant) to accommodate the workforce budget. Step or pay increases, cost of living adjustments, new benefits, and other employee-related costs are all accounted for.

Each position is a record of all the information required to calculate base wages, as well as overhead costs such as benefits, allowances, and employer taxes; each is attributed to the appropriate GL Account (object code). Positions paid according to a union contract are assigned a pay grade and step, calculating pay from the pay scale for that contract. Alternatively, a position’s base wage can be entered as a distinct salary value for each position, or as a percentile of the range configured for a selected grade.

CAPITAL MODULE

Questica Budget’s Capital module simplifies and centralizes the process of capital budget planning and execution. Users can import prior years’ budget data (actual costs and budget values) into Questica Budget, and create multi-year capital projects where they can identify their expenditures and funding sources, and make adjustments as they prepare their budgets.

Users can construct their capital projects on an annual, quarterly, or monthly basis, enter narrations or explanations for their requests and categorize their projects based on different criteria such as tangible capital assets, fund(s), or project status. Requests get escalated through the configurable workflow system integrated within Questica Budget. Project ranking can also be administered according to user-defined criteria, and multiple project scenarios can be created for each project.

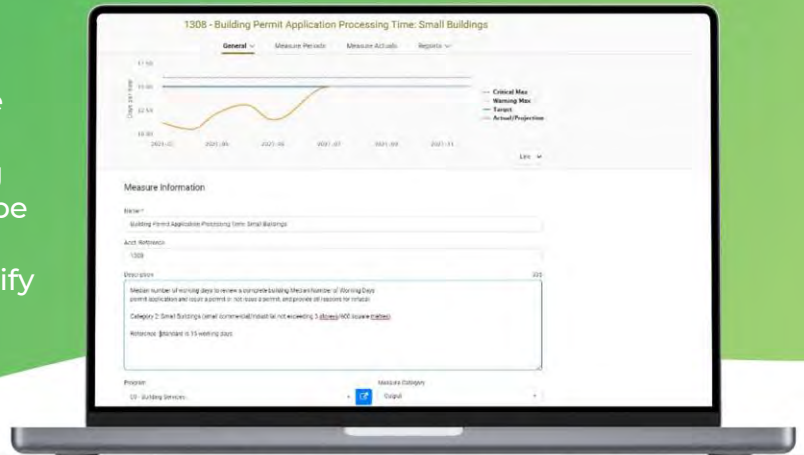

The Capital module also gives the ability to manage budgeting activities related to grant programs of varying complexities. The “type” field on projects is commonly used to indicate that the project is to be treated as a grant.

Sample Capital Improvement Plan Transparency – Interactive Visual Map

PERFORMANCE MODULE

Questica Budget's Performance module allows users to establish objectives and track budget progress toward achieving these objectives over time. Targets can be identified by intended outcome, where warning and critical threshold limits notify users whenever budget performance requires attention.

Sample Performance Dashboard

Measures, whether financial or statistical, may reference existing values already in the system, or may otherwise be manually entered. In either case, these measures can also be calculated based on other measures. They can be consolidated under various programs and can also be incorporated into an Organizational Scorecard. Responsibilities can be established for the various Programs and Measures, inclusive of due date and automated reminders, to facilitate workflow processing.

Questica Budget's Performance module fully integrates with the rest of the Questica Budget Suite and leverages the Questica Dashboard platform. This functionality helps improve performance, encourages innovation within your team, encourages cost-effective practices, and delivers an enhanced level of transparency and accountability.

SPECIAL FEATURES

STATISTICAL LEDGER

The Questica Budget Statistical Ledger allows budget staff to plan and track numbers other than spending dollars (e.g., hours worked, number of clients, resource utilization).

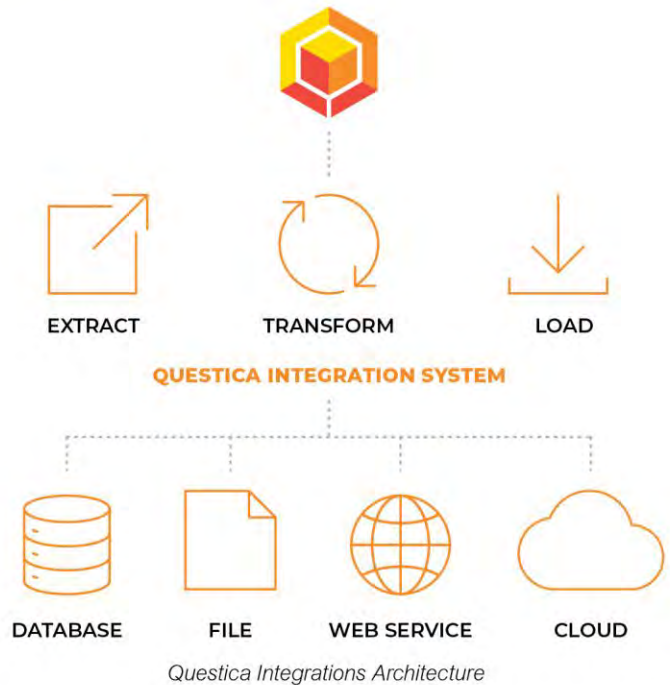

Staff can create a budget for any numeric data and work with it very much like financial budgets. This can be very useful for planning and tracking activities and outputs, and the data can be used as a guideline for building budgets. Statistical Ledger data can also be a component of a performance measurement plan.

QUESTICA INTEGRATION SYSTEM (QIS)

Questica Budget will integrate with your city's financial system via its proprietary Questica Integration System (QIS). QIS is a specialized, database-independent tool developed to exchange data between Questica Budget and external systems on a scheduled or as-needed basis. QIS also simplifies the integration process and reduces the time required to integrate Questica Budget with other customer systems or data warehouses.

QIS provides a highly configurable framework for importing or exporting budget related or non-financial data with existing and future external data sources, using API (Application Programming Interface) and ETL (Extract, Transform and Load) integration methods to ensure the budgeting solution always reflects updated data.

The diagram on the right illustrates the Qestica Integration System. The Qestica Budget application is represented by the symbol at the top, with the QIS system in the middle, and various customer systems on the bottom. When data is being extracted from an external system and moved to Qestica Budget, data would be moving from the bottom to the top of the diagram. On the other hand, when extracting data from Qestica Budget to insert into an external system, data moves from the top to bottom.

The process can be scheduled or run on-demand by an authorized Qestica user. Monitoring of scheduled integration tasks can be performed in many ways, but the most popular method is exception or failure notification, which can be configured to email one or more people. As detailed below, implementations can include three distinct interface points—two on the financial side and one on the HR/personnel side, and sometimes a fourth:

Actual cost integration	Actual costs are automatically imported into Qestica Budget from the Financial System. This can be set up to occur at a variety of timeframes, but most often this automated process of copying the actual costs from the Financial System into the Qestica Budget system occurs on a nightly basis. This allows users to see Budget vs. Actuals that are no more than 24 hours old.
Movement upon approval	When the budget is approved/adopted, it is typically moved from Qestica Budget into the Financial System, the system of record.
Salary sync	The process for loading HR/payroll data into the Qestica Budget system is via our 'Salaries Synchronization Tool'. This provides a mechanism to populate our salary and benefit engine with data from the city's HR records system. The integration can be run on demand, whenever updated personnel data is needed in the budget system.
Budget adjustments (if required)	As adjustments are made throughout the year (e.g., transfers, new budget requests, etc.), these changes can also be synchronized between Qestica Budget and the Financial System so that budget revisions are always current in both systems.

ALLOCATIONS

The Allocations tool within Qestica Budget allows dollars to be moved throughout the Operating and Capital budget in a structured and balanced fashion. The functionality supports complex arrangements of allocations between many budget elements.

An employee's cost may, for example, be split between multiple programs or cost centers, or Internal Service Provider budgets can be managed. In the latter example, an IT budget that is developed in detail like any other costing center may get allocated to other budget elements, perhaps using a cost driver such as 'number of computers' as the distribution basis. Once the allocation has been run, each recipient Costing Center will have a Destination Budget Line representing a portion of IT expenses, and the IT Costing Center budget will subsequently have a Recovery Budget Line that effectively zeroes out their allocated budget.

ADVANCED CALCULATION ENGINE (ACE)

Questica Budget's Advanced Calculation Engine is a powerful feature that brings familiar Excel functions into Questica Budget and allows users to create reusable calculation packages/models. The tool is simple to use and is designed to keep users working inside Questica Budget.

In addition to containing familiar Excel functions, there are also budget-specific functions documented in an integrated library, enabling users to reference data based on its qualities rather than by specific location. For example, a function can be performed on the budget values for a particular account code or using the actuals from a certain statistical account. Functions can also be period-based, enabling the option to reference data from past months or years, or reference a range of data such as the average from the past three years for a given month or quarter.

CHANGE REQUESTS/DECISION PACKAGES

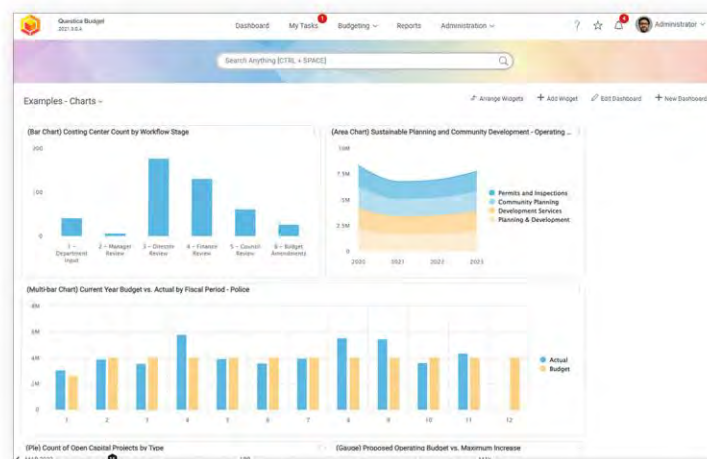

Questica Budget's Change Requests feature, also referred to as Budget Adjustments, Budget Modifications or Decision Packages, allow authorized users to process pre- and post-approval budget changes, both one-time and recurring, using a controlled process and workflow-based approval. These requests can be created individually, or they can be bundled together and treated apart from the general budget with their own dedicated approval process. Questica Budget does this in a controlled environment so that users can only submit, change, and see budget requests that are appropriate for them.

ADVANCED SEARCHES

Questica Budget's Advanced Search function is an intuitive user-facing feature that allows non-technical users to compose detailed searches using a variety of comparators and the ability to infinitely nest AND/OR groupings. Essentially, the Advanced Search functionality allows authorized users to perform sophisticated and highly dynamic data analytics and ad-hoc queries based on multiple dimensions, including specific criteria or descriptive words. This robust and powerful tool allows complex queries to be easily built up—one line at a time.

REPORTING AND DASHBOARDS

Questica Budget's reporting and analytics capabilities are delivered as part of its core software feature set. The system includes pre-built ad-hoc data views (i.e., queries), advanced “smart reports” that combine rows and columns of numbers with graphics (e.g., pie chart), 80+ pre-built ready-to-use reports, each with a variety of input selections, and pre-built dashboards with rich interactive visualizations of information that can be utilized to create actionable at-a-glance displays—all of which include data security to ensure users only see what they're allowed to see. Standard reports leverage Microsoft's SQL Server Reporting Services (SSRS) and can be copied and modified by budget staff without requiring programming skills.

QUESTICA'S DIGITAL BUDGET BOOK SOLUTION

Questica Digital Budget Book sample screenshot

Budget Book

Questica's Digital Budget Book (DBB) solution is a user-friendly and comprehensive document management and financial reporting tool that enables our customers to create, collaborate, edit, approve, and publish an annual budget document with ease – eliminating the headaches often associated with managing multiple spreadsheets, version control issues, manual updates, and duplicating content.

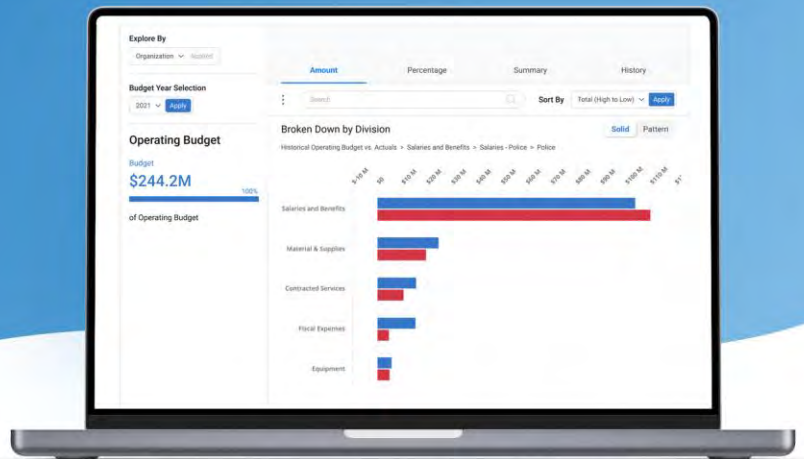

DBB is directly integrated with the Questica Budget module, allowing budget information to be seamlessly refreshed on-demand. Paired with our Questica OpenBook interactive online transparency solution, customers can provide the community with a complete understanding of the budget that is presented in a manner geared for a non-financial audience.

Key aspects of Questica's DBB include:

- ◆ GFOA compliant—meets all standards for GFOA Award Qualifying Book Production
- ◆ Automation—automates the creation of fund summary pages, charts, tables, and more
- ◆ Templates—creates new pages quickly with easy-to-use templates
- ◆ Multiple Formats—produces budget books in digital (online) and PDF (printed) formats
- ◆ Charts and Graphs—allows automatic updates of embedded narratives and smart charts

OPENBOOK TRANSPARENCY AND DATA VISUALIZATIONS

OpenBook - Sample Operating Budget: Interactive Chart

Questica Budget's OpenBook tool fosters transparency for public agencies, enabling the information to be visualized in an array of charts, tables, bars, graphs, and GIS mapping for Capital planning. Like all Questica tools, OpenBook is intuitive and easy-to-learn. With descriptive text, informational pop-ups, filtering and sorting capabilities, diving in and discovering information is made easy for all stakeholders.
