### **Board Policy Statement**

#### **4119.1/4219.1 - Personal Relationships**

Approved on February 10, 2014

---

The Consolidated School District of New Britain supports positive interactions between co-workers. Relationships of a romantic and/or personal nature during work hours or in the workplace may have the tendency to interfere with the work environment. Employees who engage in a romantic and/or personal relationship with a co-worker need to be sensitive not to display the relationship in a way that would interfere with work, create an uncomfortable environment for others, or affect the ability of those involved to perform their jobs.
